Euro Medium Term Note Programme

Under the Euro Medium Term Note Programme (the “**Programme**”) described in this document (the “**Base Prospectus**”), Arkema, (“**Arkema**” or the “**Issuer**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the “**Notes**”). The Notes may be issued as senior unsecured notes (the “**Unsubordinated Notes**”) or as dated or undated (a) ordinary subordinated notes (the “**Ordinary Subordinated Notes**”) or (b) deeply subordinated notes (the “**Deeply Subordinated Notes**”), in each case, as specified in the relevant Final Terms (the Deeply Subordinated Notes and/or the Ordinary Subordinated Notes, the “**Subordinated Notes**”). The aggregate nominal amount of Notes outstanding will not at any time exceed €5,000,000,000 (or the equivalent in other currencies) and may be denominated in certain currencies. The Notes will be issued in such denomination(s) as may be agreed between the Issuer and the relevant Dealer and as specified in the relevant Final Terms save that the minimum denomination of each Note listed and admitted to trading on a Regulated Market in a Member State of the European Economic Area (“**EEA**”) in circumstances which require the publication of a Base Prospectus under the Regulation (EU) 2017/1129, as amended (the “**Prospectus Regulation**”) (given that any exemption regime, as set out in the Prospectus Regulation, could apply in contemplation of the relevant issue) will be at least €100,000 (or the equivalent amount in any other currency).

This Base Prospectus supersedes and replaces the Base Prospectus dated 26 April 2023 and shall be in force for a period of one year as of the date set out hereunder. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

This Base Prospectus has been approved by the *Autorité des marchés financiers* (the “**AMF**”) in France in its capacity as competent authority under the Prospectus Regulation. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of either the Issuer or the quality of the Notes that are the subject of this Base Prospectus and investors should make their own assessment as to the suitability of investing in the Notes.

Application may be made to Euronext Paris for the period of 12 months from the date of the approval of this Base Prospectus by the AMF for Notes issued under the Programme to be listed and admitted to trading on Euronext Paris and/or to the competent authority of any other Member State of the EEA for Notes issued under the Programme to be listed and admitted to trading on a Regulated Market (as defined below) in such Member State. Euronext Paris is a regulated market for the purposes of the Markets in Financial Instruments Directive 2014/65/EU, as amended (a “**Regulated Market**”).

However, Notes that are not listed and admitted to trading on a Regulated Market may also be issued pursuant to the Programme.

The relevant final terms (the “**Final Terms**”) (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be listed and admitted to trading and if so, the relevant Regulated Market in the EEA.

Notes may be issued either in dematerialised form (“**Dematerialised Notes**”) or in materialised form (“**Materialised Notes**”), as more fully described herein.

Dematerialised Notes may, at the option of the Issuer, be (a) in bearer dematerialised form (*au porteur*) inscribed as from the issue date in the books of Euroclear France (“**Euroclear France**”) (acting as central depository) which shall credit the accounts of Account Holders (as defined in “Terms and Conditions of the Notes - Form, Denomination, Title and Redenomination”) including Euroclear Bank SA/NV (“**Euroclear**”) and the depository bank for Clearstream Banking, S.A. (“**Clearstream**”) or (b) in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in Condition 1(c)(iv)), in either fully registered form (*au nominatif pur*), in which case they will be inscribed either with the Issuer or with the registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholders.

Dematerialised Notes will at all times be in book entry form in compliance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes.

Materialised Notes will be in bearer form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a “**Temporary Global Certificate**”) will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will subsequently be exchanged for definitive Materialised Notes in bearer form with, where applicable, coupons for interest and talons attached on or after a date expected to be on or about the 40th day after the issue date of the Notes (subject to postponement as described in “Temporary Global Certificates issued in respect of Materialised Bearer Notes”) upon certification as to non-U.S. beneficial ownership as more fully described herein.

Temporary Global Certificates will (a) in the case of a Tranche (as defined below) intended to be cleared through Euroclear and/or Clearstream, be deposited on the issue date with a common depository on behalf of Euroclear and/or Clearstream and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer(s) (as defined below).

The Issuer’s long-term debt is currently rated BBB+ (positive outlook) by S&P Global Ratings Europe Limited (“**S&P**”) and Baa1 (stable outlook) by Moody’s Deutschland GmbH (“**Moody’s**”), each of S&P and Moody’s is established in the European Union and is registered under Regulation (EC) No 1060/2009 (as amended) (the “**CRA Regulation**”). As such, each of S&P and Moody’s is included in the list of credit rating agencies registered in accordance with the CRA Regulation published on the European Securities and Markets Authority’s website (www.esma.europa.eu/supervision/credit-rating-agencies/risk) as of the date of this Base Prospectus. Notes to be issued under the Programme may or may not be rated. The rating, if any, will be specified in the relevant Final Terms. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned to the Issuer. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

The final terms of the relevant Notes will be determined at the time of the offering of each Tranche based on the then prevailing market conditions and will be set out in the relevant Final Terms.

This Base Prospectus, any document containing information incorporated by reference in this Base Prospectus, any supplement to this Base Prospectus and the Final Terms related to Notes that are listed and admitted to trading on any Regulated Market in the EEA will be available for viewing on the website of the AMF (www.amf-france.org), on the Issuer’s website (www.arkema.com) and may be obtained, during normal business hours at the specified offices of the Fiscal Agent and each of the Paying Agents (as defined herein).

Prospective investors should carefully review and consider the section of this Base Prospectus entitled “Risk Factors” prior to purchasing any Notes.

IMPORTANT NOTICE

*This document constitutes a base prospectus for the purpose of Article 8 of the Prospectus Regulation and for the purpose of giving information with regard to the Issuer, its subsidiaries and its shareholdings taken as a whole (the “**Group**”) and the Notes which, according to the particular nature of the Issuer and the Notes, contains the necessary information which is material to investors for making an informed assessment of the assets and liabilities, profits and losses, financial position, and prospects of the Issuer, the rights attaching to the Notes and the reason for the issuance and its impact on the Issuer.*

*This Base Prospectus should be read and construed in conjunction with any supplement hereto and with any other documents incorporated by reference (see “**Documents Incorporated by Reference**”), each of which shall be incorporated in, and form part of this Base Prospectus in relation to any Series (as defined herein) of Notes, should be read and construed together with the Base Prospectus and the Final Terms being together, the “**Prospectus**”.*

The information on any websites included in this Base Prospectus do not form part of this Base Prospectus unless that information is incorporated by reference into the Base Prospectus. No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, or any of the Dealers or the Arranger (each as defined in the “General Description of the Programme”). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer or of the Group since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

None of the Issuer, the Dealer(s) or any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

None of the Issuer, the Dealer(s) or any of their respective affiliates makes any representation as to the Inflation Indices (as defined herein). Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to the Inflation Indices that is or may be material in the context of Inflation Linked Notes. The issue of Inflation Linked Notes will not create any obligation on the part of any such persons to disclose to the Noteholders or any other party such information (whether or not confidential).

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. No Notes may be offered or sold, directly or indirectly, and none of this Base Prospectus, any Final Terms or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus

comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the EEA, the United States, the United Kingdom, Japan, France, Hong-Kong, PRC and Singapore. For a description of certain restrictions on offers and sales of Notes and distribution of this Base Prospectus, see “**Subscription and Sale**” below.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes include a legend entitled “Prohibition of Sales to EEA Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”); or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “**PRIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS – If the Final Terms in respect of any Notes include a legend entitled “Prohibition of Sales to UK Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“**UK**”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**EUWA**”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the “**FSMA**”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MiFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES ONLY TARGET MARKET – The Final Terms in respect of any Notes will include a legend entitled “MiFID II product governance” which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 19 of the Guidelines published by the European Securities and Markets Authority (“**ESMA**”) on 3 August 2023 which will lead to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**” as defined in MiFID II) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the “**MiFID II Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer as defined in MiFID II in respect of such Notes, but otherwise neither

the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MIFID II Product Governance Rules. For the avoidance of doubt, the Issuer is not a MiFID II regulated entity and does not qualify as a distributor or a manufacturer under MiFID II Product Governance Rules.

UK MiFIR PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES ONLY TARGET MARKET – *The Final Terms in respect of any Notes may include a legend entitled “UK MiFIR product governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.*

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

SINGAPORE SFA PRODUCT CLASSIFICATION – *In connection with Section 309B of the Securities and Futures Act 2001 of Singapore (the “SFA”) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “CMP Regulations 2018”), unless otherwise specified before an offer of Notes, the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are ‘prescribed capital markets products’ (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).*

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor.

A number of Member States of the European Union are currently negotiating to introduce a financial transactions tax (“FTT”) in the scope of which transactions in the Notes may fall. The scope of any such tax is still uncertain as well as any potential timing of implementation. If the currently discussed text or any similar tax is adopted, transactions in the Notes would be subject to higher costs, and the liquidity of the market for the Notes may be diminished. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

A rating assigned to the Notes by any rating agency is based on the Issuer’s financial situation, but takes into account other relevant structural features of the transaction, including, inter alia, the terms of the Notes, and reflects only the views of the rating agency. The rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this paragraph, and other factors that may affect the value of the Notes. The rating addresses the likelihood of full and timely payment to the Noteholders of all payments of interest on each interest payment date and repayment of principal on the final payment date. There is no assurance that any such rating will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the rating agency as a result of changes in or unavailability of information or if, in the rating agency’s judgement, circumstances so warrant. A credit rating and/or a corporate rating are not a recommendation to buy, sell or hold securities. Any adverse change in an applicable credit rating could adversely affect the trading price for the Notes.

This Base Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer, the Dealers or the Arranger to subscribe for, or purchase, any Notes.

The Arranger and the Dealers have not separately verified the information or representations contained or incorporated by reference in this Base Prospectus. To the fullest extent permitted by law, none of the Dealers or the Arranger nor any of their respective affiliates (including parent companies) makes any representation, expressed or implied, nor accepts any responsibility for the contents of this Base Prospectus or for any other statement, made or purported to be made by the Arranger or a Dealer or on its behalf in connection with the Issuer or the issue and offering of the Notes. The Arranger and each Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise which it might otherwise have in respect of this Base Prospectus or any such statement. Neither this Base Prospectus nor any other information incorporated by reference in this Base Prospectus is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other information incorporated by reference should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer or the Group during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

**Redemption by Instalments

If a Change of Control Put Option is specified in the relevant Final Terms, and if, at any time while any Unsubordinated Note remains outstanding, there occurs a Change of Control and within the Change of Control Period, a Rating Downgrade occurs or has occurred as a result of such Change of Control, the holders of Unsubordinated Notes will be entitled to request the Issuer to redeem the Unsubordinated Notes, or, at the Issuer’s option, procure the purchase of their Unsubordinated Notes.

Change of Control Call Event Option (Subordinated Notes only)

If a Change of Control occurs after the Issue Date and within the Change of Control Period, a Rating Downgrade occurs or has occurred as a result of such Change of Control (the “**Change of Control Call Event**”), the Issuer may, at its option (a “**Change of Control Call Option**”), at any time, redeem or procure the purchase of all the Subordinated Notes (but not some only) at their principal amount together with any accrued interest and any Arrears of Interest (including any Additional Interest Amounts thereon).

If the Issuer elects to redeem the Subordinated Notes, such redemption or purchase will take place not less than 15, nor more than 60 calendar days after a Call Event Notice is given.

Further to the occurrence of a Change of Control Call Event, if the Change of Control Call Option has not been exercised by the Issuer, the interest payable on the Subordinated Notes will be increased by an additional margin specified in the relevant Final Terms (the “**Change of Control Step Up Margin**”) from and including the date of the Call Event Notice to, but excluding, the redemption of the Subordinated Notes.

**Residual Call Option
(Unsubordinated Notes only)**

If so specified in the relevant Final Terms and in respect of Unsubordinated Notes only, in respect of any issue of Unsubordinated Notes, the Issuer will have the option to redeem the Unsubordinated Notes, in whole or in part, at par together with interest accrued to, but excluding, the date fixed for redemption, at any time as from the Call Option Date which shall be no earlier than 3 months before the Maturity Date, until the Maturity Date.

**Make-Whole Redemption by the
Issuer**

(a) Unsubordinated Notes

If so specified in the relevant Final Terms, in respect of any issue of Unsubordinated Notes, the Issuer will have the option to redeem the Unsubordinated Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date at their Optional Redemption Amount. The Optional Redemption Amount will be calculated by the Calculation Agent and will be the greater of (x) 100 per cent. of the nominal amount of the Unsubordinated Notes so redeemed and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Unsubordinated Notes (not including any interest accrued on the Unsubordinated Notes to, but excluding, the relevant Make-Whole Redemption Date) discounted to the relevant Make-Whole Redemption Date on an annual basis at the Redemption Rate plus a Redemption Margin (as specified in the relevant Final Terms), plus in each case (x) or (y) above, any interest accrued on the Unsubordinated Notes to, but excluding, the Make-Whole Redemption Date.

If a Residual Call Option is specified in the relevant Final Terms, the Optional Redemption Amount in respect of the Make-Whole Redemption by the Issuer will be calculated taking into account the Call Option Date (as specified in the relevant Final Terms) pursuant to Condition 6(c) and not the Maturity Date.

(b) Subordinated Notes

If a Make-Whole Redemption by the Issuer is specified in the relevant Final Terms, in respect of any issue of Subordinated Notes, the Issuer may redeem the Subordinated Notes, in whole but not in part, at any time other than during any Residual Redemption Period (if any) and/or on any Par Call Date, prior to their Maturity Date (the “**Make-Whole Redemption Date**”) at their Optional Redemption Amount.

The Optional Redemption Amount will be calculated by the Make-Whole Calculation Agent and will be the greater of (x) 100 per cent. of the nominal amount of the Subordinated Notes and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Subordinated Notes (not including any Arrears of Interest, Additional Interest Amount thereon and any interest accrued on the Subordinated Notes to, but excluding, the Make-Whole Redemption Date) up

to, and discounted from, (in respect of Dated Subordinated Notes only) the Maturity Date or, if applicable, the Par Call Date immediately succeeding the Make-Whole Redemption Date to such Make-Whole Redemption Date, on an annual basis at the Redemption Rate plus a Redemption Margin (as specified in the relevant Final Terms), plus in each case (x) or (y) above, any interest accrued on the Subordinated Notes and any Arrears of Interest (including any Additional Interest Amounts thereon) to, but excluding, the Make-Whole Redemption Date.

Clean-Up Call Option

Unless otherwise specified in the relevant Final Terms, if at least 75 per cent. of the initial aggregate nominal amount of Notes of the same Series have been redeemed or purchased and, in each case, cancelled, the Issuer may, at its option, redeem the Notes in whole but not in part at their Clean-Up Redemption Amount (as specified in the relevant Final Terms) together with (x) in respect of Unsubordinated Notes, any interest accrued to the date set for redemption and (y) in respect of Subordinated Notes, any interest accrued to the date set for redemption and any Arrears of Interest (including any Additional Interest Amounts thereon).

Acquisition Event Call Option

If specified in the relevant Final Terms and if an Acquisition Event occurs, the Issuer may redeem the Notes, in whole or in part or, if so specified in the relevant Final Terms, in whole only, as described in Condition 6(l) (*Redemption on Acquisition Event*). The Subordinated Notes will only be redeemable in whole.

**Accounting Event Call Option
(Subordinated Notes only)**

If specified in the relevant Final Terms and if an Accounting Event has occurred, the Issuer may redeem all, but not some only, of the Subordinated Notes on any day from the Accounting Event Adoption Date and in accordance with Condition 6(m) (*Redemption following an Accounting Event*).

**Rating Event Call Option
(Subordinated Notes only)**

If specified in the relevant Final Terms and if a Rating Event has occurred, the Issuer may redeem all, but not some only, of the Subordinated Notes at any time and in accordance with Condition 6(n) (*Redemption following a Rating Event*).

**Gross-Up Call Option
(Subordinated Notes only)**

If specified in the relevant Final Terms and if by reason of a change in French law or regulation, or any change in the official application or interpretation of such law or regulation, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment due in respect of the Subordinated Notes, not be able to make such payment without having to pay additional amounts as specified in Condition 8 (a “**Gross-Up Event**”), the Issuer may redeem all, but not some only, of the Subordinated Notes at any time and in accordance with Condition 6(j)(ii)(A).

**Withholding Tax Call Option
(Subordinated Notes only)**

If specified in the relevant Final Terms and if the Issuer would on the occasion of the next payment in respect of the Subordinated Notes be prevented by French law or regulation from making payment to the holders of Subordinated Notes of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8 (a “**Withholding Tax Event**”), the Issuer may redeem all, but not some only, of the Subordinated Notes at any time and in accordance with Condition 6(j)(ii)(B).

**Tax Deductibility Call Option
(Subordinated Notes only)**

If specified in the relevant Final Terms and if an opinion of a recognised law firm of international standing has been delivered to the Issuer and the Fiscal Agent, stating that by reason of a change in French law or regulation, or any change in the official application or interpretation of such law or regulation, becoming effective after the Issue Date, the tax regime of any payments under the Subordinated Notes is modified and such modification results in the part of the interest payable by the Issuer in respect of the Subordinated Notes that is tax-deductible being reduced (a “**Tax Deductibility Event**”), the Issuer may redeem all, but not some only, of the Subordinated Notes at any time and in accordance with Condition 6(j)(ii)(C).

**Put Option
(Unsubordinated Notes only)**

If so specified in the relevant Final Terms and in respect of Unsubordinated Notes only, the Issuer shall, upon request of the Noteholder, redeem such Unsubordinated Note on the Optional Redemption Date at the Optional Redemption Amount together with interest accrued to the date fixed for redemption.

Taxation in respect of the Notes

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes will be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied or collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

If such a withholding or deduction is required, the Issuer will have to gross-up its payments to the fullest extent then permitted by law and subject to certain exceptions.

Notes, Receipts, Coupons or Talons could be made subject to any withholding or deduction required pursuant to FATCA. There will be no grossing up provision and, accordingly, no early redemption whatsoever in case of any withholding or deduction required pursuant to FATCA.

See “*Taxation*”.

Interest Periods and Interest Rates

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest

**Interest Rate Adjustment
(Unsubordinated Notes only)**

accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.

If so specified in the relevant Final Terms, the rate of interest to be paid with respect of the Unsubordinated Notes may be subject to adjustments on the occurrence of certain ratings triggers.

**Deferral of Interest
(Subordinated Notes only)**

Interest payments in respect of Subordinated Notes shall only be due and payable if the Issuer so elects, in accordance with the provisions of the following paragraphs.

(i) Optional Interest Payment

Interest which accrues during an Interest Period ending on but excluding an Interest Payment Date will be due on that Interest Payment Date unless the Issuer, by giving notice to the holders of Subordinated Notes in accordance with Condition 5(m)(iv), elects to defer such payment, in whole or in part, and the Issuer shall not have any obligation to make such payment and any failure to so pay shall not constitute a default by the Issuer under the Subordinated Notes or for any other purpose.

Any interest in respect of the Subordinated Notes which has not been paid in accordance with this paragraph will be deferred and shall constitute “**Arrears of Interest**” and shall be payable as outlined below.

(ii) Payment of Arrears of Interest

Arrears of Interest (together with any Additional Interest Amount (as defined below)) may at the option of the Issuer be paid, in whole or in part, at any time, provided that all Arrears of Interest (together with the corresponding Additional Interest Amounts) in respect of all Subordinated Notes for the time being outstanding shall become due and payable in whole, but not in part, on whichever is the earliest of:

- (a) the tenth (10th) Business Day following a Mandatory Payment Event;
- (b) the next Interest Payment Date in respect of which the Issuer does not elect to defer all of the interest accrued in respect of the relevant Interest Period;
- (c) the redemption of the Subordinated Notes; or
- (d) the date upon which a judgment is made for the voluntary or judicial liquidation of the Issuer (*liquidation judiciaire* or *liquidation amiable*) or the sale of the whole of the business (*cession totale de l'entreprise*) of the Issuer subsequent to the opening of a judicial recovery procedure (*redressement judiciaire*) or if the Issuer is liquidated for any other reason, as contemplated under Condition 9(b).

Each amount of Arrears of Interest shall bear interest, in accordance with Article 1343-2 of the French *Code civil*, as if it constituted the principal of the Subordinated Notes at a rate which corresponds to the rate of interest from time to time applicable to the Subordinated Notes (the “**Arrears Interest Rate**”) and the amount of such interest (the “**Additional Interest Amount**”) with respect to Arrears of Interest shall be due and payable pursuant to this paragraph (ii) and shall be calculated by the Calculation Agent applying the Arrears Interest Rate to the amount of the Arrears of Interest and otherwise *mutatis mutandis* as provided in the provisions of Condition 5(m) (*Deferral of Interest*).

The Additional Interest Amount accrued up to any Interest Payment Date shall be added in accordance with Article 1343-2 of the French *Code civil* to the amount of Arrears of Interest remaining unpaid on such Interest Payment Date so that it will itself become Arrears of Interest, for the purpose only of calculating the Additional Interest Amount accruing thereafter.

Fixed Rate Notes

Fixed interest will be payable in arrears on the date or dates in each year specified in the relevant Final Terms.

**Fixed Rate Resettable Notes
(Subordinated Notes only)**

Fixed Rate Resettable Notes will initially bear a fixed rate of interest payable in arrear on the date or dates in each year specified in the relevant Final Terms and will then be resettable on each specified reset date(s) and bear for each corresponding Reset Period an interest rate corresponding to the sum of a mid-swap rate and one or more margin, specified in the relevant Final Terms.

In the event where the mid-swap rate (or any component thereof) used to calculate interest payable under the Subordinated Notes is discontinued, the Conditions of the Subordinated Notes provide a methodology to determine the successor or alternative mid-swap rates.

Floating Rate Notes

Floating Rate Notes will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under the June 2013/2007 *Fédération Bancaire Française* Master Agreement relating to transactions on forward financial instruments and the technical schedules (*additifs techniques*) published from time to time by the *Fédération Bancaire Française*; or

- (ii) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc.; or
- (iii) by reference to EURIBOR, CMS Rate, €STR, SOFR or SONIA (or such other benchmark as may be specified in the relevant Final Terms), in each case as adjusted for any applicable margin. Interest periods will be specified in the relevant Final Terms.

Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both.

In no event shall the applicable rate of interest (including, for the sake of clarity, any applicable margin) be less than zero.

In the event where the benchmark used to calculate the interest payable is discontinued, the Conditions of the Notes provide a methodology to determine the successor or alternative rates.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that will automatically, or that the Issuer may elect to, convert on the date set out in the Final Terms from a fixed rate to a floating rate, or from a floating rate to a fixed rate.

Zero Coupon Notes (Unsubordinated Notes only)

Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest.

Inflation Linked Notes (Unsubordinated Notes only)

Inflation Linked Notes may be issued by the Issuer where the interest and/or the principal in respect of such Unsubordinated Notes will be calculated by reference to an inflation index ratio derived from either:

- (i) the consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published monthly by the *Institut National de la Statistique et des Etudes Economiques*; or
- (ii) the harmonised index of consumer prices excluding tobacco, or the relevant substitute index, measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published monthly by Eurostat.

Inflation Linked Notes may also have a maximum interest rate, a minimum interest rate or both.

In no event shall the applicable rate of interest (including, for the sake of clarity, any applicable margin) be less than zero.

If the Final Redemption Amount calculated as set out in Condition 6(h) is below par, the Unsubordinated Notes will be redeemed at par.

Ratings

The Issuer's long-term debt is currently rated BBB+ (positive outlook) by S&P Global Ratings Europe Limited ("**S&P**") and Baa1 (stable outlook) by Moody's Deutschland GmbH ("**Moody's**"), each of S&P and Moody's is established in the European Union and is registered under Regulation (EC) No 1060/2009 (as amended) (the "**CRA Regulation**"). As such, each of S&P and Moody's is included in the list of credit rating agencies registered in accordance with the CRA Regulation published on the European Securities and Markets Authority's website www.esma.europa.eu/supervision/credit-rating-agencies/risk) as of the date of this Base Prospectus. Notes to be issued under the Programme may or may not be rated. The rating, if any, will be specified in the relevant Final Terms. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned to the Issuer. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes issued under the Programme. The risk factors may relate to the Issuer or any of its subsidiaries.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the main risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. The risks described below are not the only risks the Issuer faces.

Additional risks and uncertainties not currently known to the Issuer or that are currently believed to be immaterial could also have a material impact on its business operations. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and in any documents incorporated by reference and reach their own views prior to making any investment decision. In particular, investors should make their own assessment as to the risks associated with the Notes prior to investing in Notes issued under the Programme.

All capitalised terms used and not defined in this section are defined in the Conditions.

Risk Factors relating to the Issuer

Please refer to pages 70 to 83 of the 2022 Universal Registration Document (as defined under “Documents incorporated by reference”) of Arkema which are incorporated by reference in this Base Prospectus and include the following:

- Industrial risks;
- Risks relating to compliance, legal proceedings, societal expectations and internal control;
- Operational risks;
- Economic and business risks;
- Project and innovation risks; and
- Financial risks.

Risk Factors relating to the Notes

The following is a description of risk factors in relation to the Notes which set out the most material risks (in descending order of importance), taking into account the negative impact of such risks on the Issuer and the probability of their occurrence. Prospective investors should consult their own financial and legal advisers about risks associated with an investment in a particular Series of Notes and the suitability of investing in the Notes in light of their particular circumstances.

1 Risk Factors relating to all Series of Notes

French Insolvency Law

The Issuer is a *société anonyme* with its registered office in France. In the event that the Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of France to the

extent that, where applicable, the “centre of main interests” (as construed under Regulation (EU) 2015/848, as amended) of the Issuer is located in France.

Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 has been transposed into French law by *Ordonnance* n°2021-1193 dated 15 September 2021. Such *Ordonnance*, applicable as from 1st October 2021, amends French insolvency laws notably with regard to the process of adoption of restructuring plans under insolvency proceedings. According to this *Ordonnance*, “affected parties” (including notably creditors, and therefore the Noteholders) shall be treated in separate classes which reflect certain class formation criteria for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient commonality of interest based on verifiable criteria. Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down.

The commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of Notes. As a consequence, any decisions taken by a class of affected parties could materially and negatively impact the Noteholders and cause them to lose all or part of their investment, should they not be able to recover all or part of the amounts due to them from the Issuer.

Credit Risk

As contemplated in Condition 3(a), the Unsubordinated Notes and, where applicable any relative Receipts and Coupons are direct, general, unconditional, unsubordinated and (subject to the provisions of Condition 4(a)) unsecured obligations of the Issuer and the Subordinated Notes are direct, unconditional, unsecured and Subordinated Obligations of the Issuer. However, an investment in the Notes involves taking credit risk on the Issuer. If the credit worthiness of the Issuer deteriorates, it may not be able to fulfil all or part of its payment obligations under the Notes, which could materially and negatively impact the Noteholders and investors may lose all or part of their investment.

Modification and waivers

Condition 11 contains provisions for calling General Meetings of Noteholders or consulting them by way of a resolution in writing to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting or who did not vote through the written consultation and Noteholders who voted in a manner contrary to the majority. If a decision is adopted by a majority of Noteholders and such modifications were to impair or limit the rights of the Noteholders, this may have a negative impact on the market value of the Notes and hence investors may lose part of their investment.

In addition, Condition 11 provides that the provisions of Article L.228-65 I. 1° and 6° of the French *Code de commerce*, respectively providing for a prior approval by the General Meeting of the Noteholders of (i) any proposal to change in corporate purpose or form of the Issuer or (ii) any proposal to transfer the registered office of a *societas europaea* to another Member State of the European Union and Article L.229-2 of the French *Code de commerce* providing that such transfer requires the prior approval by the General Meeting of the Noteholders unless the redemption is offered upon simple request, shall not apply to the Notes. As a result of these exclusions, no General Meeting shall be held nor a Written Resolution shall be submitted and no early redemption of any Note by the Issuer shall be

requested by the Noteholders in respect of such modification which may affect the interests of the Noteholders generally.

U.S. Foreign Account Tax Compliance Act Withholding risk

As contemplated by Condition 8(b)(iii), pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a “foreign financial institution” may be required to withhold on certain payments it makes (“**foreign passthru payments**”) to persons that fail to meet certain certification, reporting, or related requirements. A number of jurisdictions (including France) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“**IGAs**”), which modify the way in which FATCA applies in their jurisdictions. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to 1 January 2019. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, neither the Issuer nor any other person will be required to pay additional amounts as a result of the withholding. Hence investors may lose part of their investment.

2 Risk Factors relating to the structure and feature of a particular issue of Notes

The Programme allows for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for potential investors depending on the specific features of such Notes such as, inter alia, the provisions for computation of periodic interest payments, if any, redemption and issue price.

2.1 Risk Factors relating to Subordinated Notes

The Deeply Subordinated Notes are lowest ranking subordinated obligations of the Issuer

In accordance with Condition 3(b)(i), the Deeply Subordinated Notes are issued pursuant to the provisions of Article L.228-97 of the French *Code de commerce*.

The Issuer’s obligations under the Deeply Subordinated Notes are direct, unconditional, unsecured and lowest ranking subordinated obligations (*engagements subordonnés de dernier rang*) of the Issuer and rank and will rank *pari passu* among themselves and *pari passu* with all other present or future Deeply Subordinated Obligations. In the event of any judgment rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer, or in the event of a transfer of the whole of the business of the Issuer (*cession totale de l’entreprise*) subsequent to the opening of a judicial recovery procedure (*redressement judiciaire*), or in the event of the voluntary dissolution of the Issuer or if the Issuer is liquidated for any other reason (and in all cases listed above, other than pursuant to a consolidation, amalgamation or merger or other reorganisation outside the context of an insolvency whereby the surviving entity assumes all obligations of the Issuer under the Deeply Subordinated Notes), the rights of holders of Deeply Subordinated Notes to payment under the Deeply Subordinated Notes will be subordinated to the full payment of the unsubordinated creditors of the Issuer (including creditors of Unsubordinated Obligations (such as the Unsubordinated Notes), of the ordinary subordinated creditors of the Issuer (creditors of Ordinary Subordinated Obligations (such as the Ordinary Subordinated Notes)), of lenders in relation to *prêts participatifs* granted to the Issuer and of holders of *titres participatifs* issued by the Issuer, if and to the extent that there is still cash available for those payments.

In the circumstances described in the preceding paragraph, in the event of incomplete payment of unsubordinated creditors and subordinated creditors ranking ahead of the holders of Deeply Subordinated Notes, the obligations of the Issuer in connection with the Deeply Subordinated Notes shall terminate. Thus, the holders of Deeply Subordinated Notes face a higher performance risk than holders of Unsubordinated Obligations and Ordinary Subordinated Obligations of the Issuer which could result in (i) a loss of all of a holder of Deeply Subordinated Notes' investment in the event of the occurrence of any of the procedures described above and (ii) more volatility in the market value the market value of Deeply Subordinated Notes as compared to Unsubordinated Notes and Ordinary Subordinated Notes.

The claims of the holders of Deeply Subordinated Notes are intended to rank in priority only to any payments to the holders of Equity Securities. There are currently no instruments of the Issuer that rank junior to the Deeply Subordinated Notes other than the ordinary shares of the Issuer.

The Issuer may also issue Ordinary Subordinated Notes ranking junior to the Unsubordinated Notes but senior to Deeply Subordinated Obligations

In accordance with Condition 3(b)(ii), the Ordinary Subordinated Notes are issued pursuant to the provisions of Article L.228-97 of the French *Code de commerce*.

The Issuer's obligations under the Ordinary Subordinated Notes are direct, unconditional, unsecured and Ordinary Subordinated Obligations of the Issuer and rank and will rank *pari passu* among themselves and *pari passu* with all other present or future Ordinary Subordinated Obligations and, shall rank in priority to Equity Securities, Deeply Subordinated Obligations and the *titres participatifs* issued by, and the *prêts participatifs* granted to, the Issuer but shall be subordinated to Unsubordinated Obligations of or issued by the Issuer.

As a consequence, if any judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer, or in the event of a transfer of the whole of the business of the Issuer (*cession totale de l'entreprise*) subsequent to the opening of a judicial recovery procedure (*redressement judiciaire*), or in the event of the voluntary dissolution of the Issuer, or if the Issuer is liquidated for any other reason (and in all cases listed above, other than pursuant to a consolidation, amalgamation or merger or other reorganisation outside the context of an insolvency whereby the surviving entity assumes all obligations of the Issuer under the Ordinary Subordinated Notes), the rights of holders of Ordinary Subordinated Notes to payment under the Ordinary Subordinated Notes will be subordinated to the full payment of the unsubordinated creditors of the Issuer (including creditors of Unsubordinated Obligations (such as the Unsubordinated Notes)), if and to the extent that there is still cash available for those payments. This may result in a loss of all of a holder of Ordinary Subordinated Notes' investment in the event of the occurrence of any of the procedures described above and increase the volatility of such Ordinary Subordinated Notes compared to holders of unsubordinated obligations such as the Unsubordinated Notes.

The claims of the holders of Ordinary Subordinated Notes are intended to rank in priority to holders of *titres participatifs* issued by the Issuer, the lenders in relation to *prêts participatifs* granted to the Issuer, the deeply subordinated creditors of the Issuer, and to holders of Equity Securities.

No limitation on issuing or guaranteeing debt ranking senior or pari passu with the Subordinated Notes

There is no restriction in the Conditions of the Subordinated Notes on the amount of debt which the Issuer may issue or guarantee. The Issuer and any member of the Group may incur additional indebtedness or grant guarantees in respect of indebtedness of third parties, including indebtedness or guarantees that rank *pari passu* or senior to the obligations under and in connection with the

Subordinated Notes. The issue of any such securities or the incurrence of any such other liabilities may reduce the amount (if any) recoverable by holders of Subordinated Notes on a winding-up of the Issuer and/or may increase the likelihood of a deferral of interest payments under the Subordinated Notes.

If the Issuer's financial condition were to deteriorate, the holders of Subordinated Notes could suffer adverse consequences, including loss of interest and, if the Issuer were liquidated (whether voluntarily or not), the holders of Subordinated Notes could suffer loss of their entire investment, particularly as their claims would be subordinated to the claims of senior creditors of the Issuer (see risk factors entitled "*The Deeply Subordinated Notes are the lowest ranking subordinated obligations of the Issuer*" and "*The Issuer may also issue Ordinary Subordinated Notes ranking junior to the Unsubordinated Notes but senior to Deeply Subordinated Obligations*" above).

The Subordinated Notes contain no event of default nor cross default

Compared to other debt securities (including the Unsubordinated Notes), Condition 9(b) does not provide for events of default or cross default allowing acceleration of the Subordinated Notes if certain events occur. Accordingly, if the Issuer fails to meet any obligations under the Subordinated Notes, including the payment of any interest, or is in default under other indebtedness, investors will not have the right of acceleration of principal. Upon a payment default, the sole remedy available to holders of Subordinated Notes for recovery of amounts owed in respect of any payment of principal or interest on the Subordinated Notes will be the institution of proceedings to enforce such payment. Notwithstanding the foregoing, the Issuer will not, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it, and investors may therefore lose all or part of their investment. As a result, the value of the Subordinated Notes or liquidity on the secondary market may be materially and negatively affected.

The Subordinated Notes may be undated

As provided for in Condition 6(a), the Subordinated Notes may be undated with no specified maturity date. Notwithstanding any early redemption features that may be specified in the relevant Final Terms, the Issuer is under no obligation to redeem or repurchase the Subordinated Notes at any time, and the holders of Subordinated Notes have no right to require redemption of the Subordinated Notes, except if a judgment is issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or, following an order of judicial reorganisation (*redressement judiciaire*), the sale of the whole of the business (*cession totale de l'entreprise*) of the Issuer or in the event of the voluntary dissolution of the Issuer or if the Issuer is liquidated for any other reason (and in all the cases above, other than pursuant to a consolidation, amalgamation or merger or other reorganisation outside the context of an insolvency whereby the surviving entity assumes all obligations of the Issuer under the Subordinated Notes). Therefore, the financial risks borne by an investor in respect of Undated Subordinated Notes for an indefinite period of time and may not recover the value of their investment in a foreseeable future.

The Issuer may defer interest payments on the Subordinated Notes

Pursuant to Condition 5(m), on any applicable Interest Payment Date of any given Series of Subordinated Notes, the Issuer may elect to defer payment of all or part of the interest accrued to that date, and the Issuer shall not have any obligation to make such payment and any such failure to pay shall not constitute a default by the Issuer for any purpose.

Any interest not paid on an applicable Interest Payment Date and deferred shall constitute Arrears of Interest and may be paid, in whole or in part, at any time, provided that all Arrears of Interest (together with any Additional Interest Amounts thereon) in respect of all Subordinated Notes for the time being outstanding shall become due and payable in whole, but not in part, on the date which is the earliest of:

- i. the tenth (10th) Business Day following the date on which a Mandatory Payment Event occurs;
- ii. the next scheduled Interest Payment Date in respect of which the Issuer does not elect to defer all of the interest accrued in respect of the relevant Interest Period;
- iii. the date on which the Subordinated Notes are redeemed; or
- iv. the date upon which a judgment is made for the judicial liquidation of the Issuer (*liquidation judiciaire*), or in the event of a transfer of the whole of the business of the Issuer (*cession totale de l'entreprise*) subsequent to the opening of a judicial reorganisation (*redressement judiciaire*) or in the event of the voluntary dissolution of the Issuer or if the Issuer is liquidated for any other reason (and in all cases listed above, other than pursuant to a consolidation, amalgamation or merger or other reorganisation outside the context of an insolvency whereby the surviving entity assumes all obligations of the Issuer under the Subordinated Notes).

Any deferral of interest payments, or the perception that the Issuer will need to exercise its optional deferral right, will be likely to have a significant adverse effect on the market price of the Subordinated Notes. In addition, as a result of the above provisions of the Subordinated Notes, the market price of the Subordinated Notes may be more volatile than the market prices of other debt securities on which interest accrues that are not subject to the above provisions and may be more sensitive generally to adverse changes in the Issuer's financial condition.

Changes in rating methodologies may lead to the occurrence of a Rating Event and, at the option of the Issuer to, the early redemption of the Subordinated Notes

S&P or Moody's may change their rating methodology and, in particular, the "equity credit" criteria or their application after the Issue Date (or, as applicable, after the date when the equity credit is assigned for the first time to the Subordinated Notes) which may constitute a Rating Event, as provided in Condition 6(n). As result of the occurrence of a Rating Event, the Issuer may redeem all of the Subordinated Notes (but not some only), as provided in Condition 6(n).

Such redemption at the option of the Issuer might have a significant negative impact on the market value of such Subordinated Notes. During any period when the Issuer may elect to redeem the Subordinated Notes, the market value of the Subordinated Notes generally will not rise substantially above the price at which they can be redeemed. Should the Subordinated Notes at such time be trading above or well above the price set for redemption, the negative impact on the holders of Subordinated Notes' anticipated returns would be significant. The Issuer may also be expected to redeem the Subordinated Notes when its cost of borrowing is lower than the interest rate of the Subordinated Notes. The holders of Subordinated Notes may not be able to reinvest the redemption proceeds at an effective interest rate as high as the return that would have been received on such Subordinated Notes had they not been redeemed.

The current IFRS accounting classification of financial instruments such as the Subordinated Notes as equity instruments may change which may result in the occurrence of an Accounting Event

In June 2018, the IASB ("**International Accounting Standards Board**") published the discussion paper DP/2018/1 on "Financial Instruments with Characteristics of Equity" (the "**DP/2018/1 Paper**") proposing a new classification approach to articulate more clearly the principles for classifying financial instruments as financial liabilities or equity instruments, and to improve the consistency, completeness and clarity of the classification requirements in IAS 32. In November 2023, the IASB published a paper titled "Exposure Draft Financial Instruments with Characteristics of Equity" where the IASB has decided not to pursue the proposed classification approach set out in DP/2018/1 Paper and instead aim at, *inter alia*, clarifying the requirements, including the underlying principles, for classifying a financial

instrument as a financial liability or an equity instrument (the “**2023 Exposure Draft**”). Depending of the content of the final clarifications that will be adopted, the IFRS equity classification of financial instruments such as the Subordinated Notes may change. If such a change leads to an Accounting Event, the Issuer will have the option to redeem, in whole but not in part, the Subordinated Notes pursuant to Condition 6(m).

The implementation of any of the clarifications regarding the requirements, including the underlying principles, for classifying a financial instrument as a financial liability or an equity instrument set out in the 2023 Exposure Draft or any other proposals that may be made in the future, including the extent and timing of any such implementation, if at all, is uncertain. Accordingly, no assurance can be given as to the future classification of the Subordinated Notes from an accounting perspective or whether any such change may result in the occurrence of an Accounting Event, thereby providing the Issuer with the option to redeem the Subordinated Notes pursuant to Condition 6(m).

The redemption of the Subordinated Notes by the Issuer or the perception that the Issuer will exercise its optional redemption right might negatively affect the market value of the Subordinated Notes. During any period when the Issuer may elect to redeem the Subordinated Notes, the market value of the Subordinated Notes generally will not rise substantially above the price at which they can be redeemed. Should the Subordinated Notes at such time be trading above or well above the price set for redemption, the negative impact on the Noteholders’ anticipated returns would be significant.

The Conditions of the Subordinated Notes contain a prohibition of set-off

In accordance with Condition 3(b)(iv) and subject to applicable law, no holder of Subordinated Notes may exercise, claim or plead any right of set-off, compensation or retention in respect of any amount owed to it by the Issuer in respect of, or arising under or in connection with any Subordinated Notes and each holder of Subordinated Notes shall, by virtue of its holding of any Subordinated Note, be deemed to have waived all such rights of set-off, compensation or retention. As a result, a holder of Subordinated Notes which is also a debtor of the Issuer cannot set-off its payment obligation against any sum due to it by the Issuer under the Subordinated Notes. This prohibition of set-off could therefore have an adverse impact on the counterparty risk for a holder of Subordinated Notes in the event that the Issuer were to become insolvent.

Fixed Rate Resettable Notes

Condition 5(b)(ii) allows for Fixed Rate Resettable Notes to be issued. With respect to any Subordinated Notes issued as Fixed Rate Resettable Notes, the rate of interest on such Fixed Rate Resettable Notes will be reset by reference to the then prevailing Mid-Swap Rate, as adjusted by any margin(s) applicable to the relevant reset interest period(s) specified in the relevant Final Terms. The reset of the rate of interest in accordance with such provisions may significantly affect the secondary market and the market value of such Fixed Rate Resettable Notes. Following any such reset of the rate of interest applicable to the Fixed Rate Resettable Notes, the First Reset Rate of Interest or any Subsequent Reset Rate of Interest on the relevant Fixed Rate Resettable Notes may be lower than the Initial Rate of Interest, the First Reset Rate of Interest and/or any previous Subsequent Reset Rate of Interest. A holder of Subordinated Notes issued as Fixed Rate Resettable Notes is exposed to the risk of fluctuating interest rate levels and uncertain interest income and may be impacted by such fluctuations.

2.2 Risk Factors relating to the Interest payable on the Notes

Fixed Rate Notes

As contemplated by Condition 5(b), the Issuer may issue Fixed Rate Notes bearing interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as

a percentage) equal to the Rate of Interest, such interest being payable in arrears on each Interest Payment Date.

Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes and Noteholders may lose all or part of their investment in the Notes and therefore their interests may be negatively altered.

While the nominal interest rate of a Fixed Rate Note is determined during the term of such Note or within a given period of time, the market interest rate (the “**Market Interest Rate**”) typically varies on a daily basis. As the Market Interest Rate changes, the price of the Notes varies in the opposite direction. If the Market Interest Rate increases, the price of the Notes typically decreases, until the yield of the Note equals approximately the Market Interest Rate. If the Market Interest Rate decreases, the price of a Fixed Rate Note typically increases, until the yield of such Note equals approximately the Market Interest Rate. Therefore, the price of the Notes at any particular time may be lower than the purchase price of the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost on any transfer of the Notes, so that the Noteholder in such case would not receive the total amount of the capital invested.

Floating Rate Notes

As contemplated in Condition 5(c), investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three months or six months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short-term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate. As a result, Noteholders may lose all or part of their investments in the Notes and therefore their interests may be negatively altered.

Fixed/Floating Rate Notes

As contemplated in Condition 5(d), Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms. The conversion (whether it be automatic or optional) of the interest rate may affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a Fixed Rate to a Floating Rate, the spread on the fixed to Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new Floating Rate at any time may be lower than the rates on other Notes. If the Issuer converts from a Floating Rate to a Fixed Rate, the Fixed Rate may be lower than then prevailing rates on its Notes.

Investors should refer to risk factors set out in the risk factors entitled “*Fixed Rate Notes*” and “*Floating Rate Notes*”.

Zero Coupon Notes

As contemplated by Condition 5(e), the Issuer may issue Zero Coupon Notes. Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates

increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk and holders of Unsubordinated Notes may, as a result, lose all or part of their investment in the Notes.

Reform and regulation of “benchmarks”

Pursuant to Condition 5(c) and where the applicable Final Terms for a Series of Floating Rate Notes identifies that the Rate of Interest for such Notes will be determined by reference to the Euro Interbank Offered Rate (“EURIBOR”) or other indices which are deemed to be “benchmarks” (except in respect of €STR, SOFR and SONIA (as defined below)) which are the subject of national, international and other regulatory guidance and proposals for reform. These reforms may cause such benchmarks to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequences could have a material adverse effect on the liquidity and value of and return on any Notes linked to such a “benchmark”.

Regulation (EU) 2016/1011 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds, as amended (the “**Benchmarks Regulation**”) is applicable since 1 January 2018, and applies to the provision of “benchmarks” in the EU, the contribution of input data to a “benchmark” and the use of a “benchmark” within the EU.

The Benchmarks Regulation could have a material impact on any Notes linked to a rate or index deemed to be a “benchmark”, in particular if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the “benchmark”.

More broadly, any of the international, national or other proposals for reform or the general increased regulatory scrutiny of “benchmarks”, could (i) increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements, (ii) discourage market participants from continuing to administer or contribute to certain “benchmarks”, (iii) trigger changes in the rules or methodologies used in certain “benchmarks” or (iv) lead to the disappearance of certain “benchmarks”.

Any of the above changes or any other consequential changes as a result of international, national or other proposals for reform or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to a “benchmark”.

Floating Rate Notes and Fixed Rate Resetable Notes – benchmark discontinuation

Where Screen Rate Determination is specified as the manner in which the Rate of Interest in respect of Floating Rate Notes is to be determined (except in respect of €STR, SOFR and SONIA), Condition 5(c)(iii)(D) (*Benchmark discontinuation for Floating Rate Notes*) and Condition 5(b)(ii)(C) (*Benchmark discontinuation for Fixed Rate Resetable Notes*) provides that if the Original Reference Rate or, as the case may be, the Original Mid-Swap Rate is discontinued, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser to determine a Successor Rate, an Alternative Rate, a Successor Mid-Swap Rate or an Alternative Mid-Swap Rate (as applicable) (and, as the case may be, an Adjustment Spread or an Mid-Swap Adjustment Spread (as applicable)) following the occurrence of a Benchmark Event or a Mid-Swap Benchmark Event (each, as defined in Condition 5(a) (*Definitions*)).

The use of any such Successor Rate, Alternative Rate, Successor Mid-Swap Rate or Alternative Mid-Swap Rate (as applicable) (and, as the case may be, an Adjustment Spread or an Mid-Swap Adjustment Spread (as applicable)) to determine the Rate of Interest will result in Notes linked to or referencing the

Original Reference Rate or, as the case may be, the Original Mid-Swap Rate performing differently (which may include payment of a lower Rate of Interest) than they would do if the Original Reference Rate or, as the case may be, the Original Mid-Swap Rate were to continue to apply in its current form.

Furthermore, if (a) a Successor Rate or an Alternative Rate for the Original Reference Rate or (b) a Successor Mid-Swap Rate or an Alternative Mid-Swap Rate for the Original Mid-Swap Rate (or any component part thereof) is determined by the Independent Adviser and the Independent Adviser determines that amendments to the Conditions of the Notes provide that the Issuer may vary the Conditions of the Notes, as necessary to ensure the proper operation of such Successor Rate, Alternative Rate, Successor Mid-Swap Rate or Alternative Mid-Swap Rate (as applicable), then the Issuer may vary these Conditions to give effect to such amendments without any requirement for consent or approval of the Noteholders.

The Issuer may be unable to appoint an Independent Adviser or the Independent Adviser may not be able to determine a Successor Rate, an Alternative Rate, a Successor Mid-Swap Rate or an Alternative Mid-Swap Rate (as applicable) (and, as the case may be, an Adjustment Spread or an Mid-Swap Adjustment Spread (as applicable)) in accordance with the Conditions of the Notes.

Where it is the case before the next Interest Determination Date or Reset Determination Date (as applicable), the Rate of Interest for the next succeeding Interest Period will be the Rate of Interest applicable as at the last preceding Interest Determination Date or Reset Determination Date (as applicable) before the occurrence of the Benchmark Event or the Mid-Swap Benchmark Event, or, where the Benchmark Event or the Mid-Swap Benchmark Event occurs before the first Interest Determination Date or Reset Determination Date (as applicable), the Rate of Interest will be the initial Rate of Interest.

Applying the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date or Reset Determination Date (as applicable) before the occurrence of the Benchmark Event or Mid-Swap Benchmark Event will result in Notes linked to or referencing the relevant benchmark performing differently (which may include payment of a lower Rate of Interest) than they would do if the relevant benchmark were to continue to apply, or if a Successor Rate, an Alternative Rate, a Successor Mid-Swap Rate or an Alternative Mid-Swap Rate (as applicable) could be determined.

If the Independent Adviser fails to determine a Successor Rate, an Alternative Rate, a Successor Mid-Swap Rate or an Alternative Mid-Swap Rate (as applicable) for the life-time of the relevant Notes, the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date or Reset Determination Date (as applicable) before the occurrence of the Benchmark Event or Mid-Swap Benchmark Event, will continue to apply to maturity. In respect of Subordinated Notes only, no Successor Mid-Swap Rate or Alternative Mid-Swap Rate will be adopted, nor will the applicable Mid-Swap Adjustment Spread be applied, nor will any other related Mid-Swap Benchmark Amendments be made, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to (i) result in a reduction of the amount of "equity credit" assigned to the Notes by any Rating Agency when compared to the "equity credit" assigned to the Notes immediately prior to the occurrence of the relevant Mid-Swap Benchmark Event from such Rating Agency or (ii) otherwise prejudice the eligibility of the Notes for "equity credit" from any Rating Agency. This will result in the Floating Rate Notes, Fixed/Floating Rate Notes or the Fixed Rate Resetable Notes, in effect, becoming Fixed Rate Notes. Noteholders may, in such circumstances, be materially affected and receive a lower interest as they would have expected if an Independent Adviser had been determined or if such Independent Adviser did not fail to determine such Successor, Alternative Rate, Successor Mid-Swap Rate or Alternative Mid-Swap Rate (as applicable).

The risk-free rates (including overnight rates) may be used for Floating Rate Notes

Condition 5(c) allows the Notes referencing risk-free rates to be issued. The risk-free rates, such as the Sterling Overnight Index Average (“**SONIA**”), the Secured Overnight Financing Rate (“**SOFR**”) and the Daily Euro Short-term Rate (“**€STR**”), as reference rates in the capital markets for sterling, U.S. dollar or euro bonds, as applicable have been adopted as alternatives to the certain interbank offered rates.

Such risk-free rates have a limited performance history and the future performance of such risk-free rates remains uncertain. As a consequence, no future performance of Floating Rate Notes referencing risk-free rates may be inferred from any of the hypothetical or actual historical performance data. In addition, risk-free rates may behave materially differently to interbank offered rates as interest reference rates. For example, since publication of SOFR began, daily changes in SOFR have, on occasion, been more volatile than daily changes in comparable benchmarks or other market rates.

Interest is calculated on the basis of the compounded risk-free rate or an arithmetic average of the risk-free rate, using the relevant specific formula set out in the Conditions of the Notes. In addition, market conventions for calculating the interest rate for notes referencing risk-free rates continue to develop and market participants and relevant working groups are exploring alternative reference rates based on risk-free rates. Accordingly, the specific formula for calculating the rate used in the Notes issued under the Base Prospectus may not be widely adopted by other market participants, if at all.

The Issuer may in the future also issue Notes referencing risk-free rates that materially differ in terms of interest determination when compared with any previous Notes referencing risk-free rates issued by it. If the market adopts a different calculation method, that could adversely affect the market value of Notes issued under the Programme.

Interest on Notes which reference a risk-free rate is only capable of being determined immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference risk-free rates to reliably estimate the amount of interest which will be payable on such Notes.

Each risk-free rate is published and calculated by third parties based on data received from other sources and the Issuer has no control over their respective determinations, calculations or publications. There is a risk that the relevant risk-free rate (or the Compounded SOFR Index or SONIA Compounded Index) will be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in Notes linked to or which reference such a risk-free rate (or that any applicable benchmark fallback provisions provided for in the Conditions of the Notes will provide a rate which is not economically equivalent for Noteholders). If the manner in which the relevant risk-free rate is calculated is changed, that change may result in a reduction of the amount of interest payable on such Notes and the trading prices of such Notes.

The market or a significant part thereof may adopt an application of risk-free rates that differs significantly from that set out in the Conditions of the Notes and used in relation to Notes that reference a risk-free rate issued under the Base Prospectus.

Any mismatch between the adoption of such risk-free rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which investors may put in place in connection with any acquisition, holding or disposal of any Note.

2.3 Risk Factors relating to the redemption of the Notes

Notes subject to optional redemption by the Issuer

The Issuer has the option, if so specified in the relevant the Final Terms, to redeem the Unsubordinated Notes under a Residual Call Option as provided in Condition 6(c), a make-whole call option as provided in Condition 6(d)(i), a Clean-Up Call Option as provided in Condition 6(e), a Call Option as provided in Condition 6(f) or an Acquisition Event Call Option as provided in Condition 6(l).

The Issuer has the option, if so specified in the relevant the Final Terms, to redeem the Subordinated Notes under a make-whole call option as provided in Condition 6(d)(ii), a Clean-Up Call Option as provided in Condition 6(e), a Call Option as provided in Condition 6(f), a Gross-Up Event as provided in Condition 6(j)(ii)(A), a Withholding Tax Event as provided in Condition 6(j)(ii)(B), a Tax Deductibility Event as provided in Condition 6(j)(ii)(C), a Change of Control Call Event as provided in Condition 6(k)(ii), an Acquisition Event Call Option as provided in Condition 6(l), an Accounting Event call option as provided in Condition 6(m) and a Rating Event call option as provided in Condition 6(n).

In case of a Clean-Up Call Option, if so specified in the relevant the Final Terms of Unsubordinated Notes or Subordinated Notes, there is no obligation for the Issuer to inform investors if and when the percentage of 75 per cent. has been reached or is about to be reached, and the Issuer's right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of this option, the Notes may have been trading significantly above par, thus potentially resulting in a loss of capital invested.

If (i) an Acquisition Event Call Option is specified in the relevant Final Terms of Unsubordinated Notes or Subordinated Notes and (ii) the Issuer publicly announces that the consummation of the acquisition of the Targeted Company, as defined in the relevant Final Terms, is not pursued or the completion of the acquisition has not occurred on or prior to the Acquisition Event Limit Date, the Issuer will have the option to redeem the Notes, in whole or in part or, if so specified in the relevant Final Terms, in whole only, at the Optional Redemption Amount together with (x) in respect of Unsubordinated Notes, any interest accrued to the date set for redemption and (y) in respect of Subordinated Notes, any interest accrued to the date set for redemption and any Arrears of Interest (including any Additional Interest Amounts thereon) as provided in Condition 6(l).

As provided in Condition 6(l), if an Accounting Event occurs on or after the Issue Date and the Issuer decides to exercise its option to redeem the Subordinated Notes, the early redemption price on the Subordinated Notes will be different whether such Accounting Event occurs prior to, or on or after, the Accounting Event Cut-Off Date specified in the relevant Final Terms. Similarly, and as provided in Condition 6(m), if a Rating Event occurs on or after the Issue Date and the Issuer decides to exercise its option to redeem the Subordinated Notes, the early redemption price on the Subordinated Notes will be different whether such Rating Event occurs prior to, or on or after, the Rating Event Cut-Off Date specified in the relevant Final Terms.

Furthermore, in the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the country of domicile (or residence for tax purposes) by the Issuer, or on behalf of France, or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may or, with respect to Unsubordinated Notes only, in certain circumstances shall, redeem all, but not some only, of the outstanding Notes in accordance with the Conditions of the Notes.

In addition, if in the case of any particular Tranche of Notes the relevant Final Terms specify that the Notes are redeemable at the Issuer's option, the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low.

During a period when the Issuer may elect, or has elected, to redeem Notes, such Notes may feature a market value not substantially above the price at which they can be redeemed. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

All of the above may reduce the profits potential investors in the Notes may have expected in subscribing the Notes and could have significant impact on the Noteholders.

Put Option or Change of Control Put Option

Exercise of Put Option as provided in Condition 6(g) or Change of Control Put Option as provided in Condition 6(k)(i) in respect of certain Unsubordinated Notes may affect the liquidity of the Unsubordinated Notes of the same Series in respect of which such option is not exercised.

Depending on the number of Unsubordinated Notes of the same Series in respect of which the Put Option or the Change of Control Put Option provided in the relevant Final Terms is exercised, any trading market in respect of those Unsubordinated Notes in respect of which such option is not exercised may become illiquid and holders of Unsubordinated Notes may lose part of their investments.

2.4 Risk Factors relating to Inflation Linked Notes

As contemplated in Condition 5(c), the Issuer may issue Inflation Linked Notes. Inflation Linked Notes are debt securities which do not provide for predetermined interest payments and/or in respect of which the principal is indexed. Interest amounts and/or principal will be dependent upon the performance of either (i) the consumer price index (excluding tobacco) for all households in metropolitan France (the "CPI"), as calculated and published monthly by the *Institut National de la Statistique et des Etudes Economiques* ("INSEE"), or (ii) the harmonised index of consumer prices excluding tobacco, or the relevant substitute index, measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published monthly by Eurostat (the "HICP") (each an "Inflation Index" and together, the "Inflation Indices"). If the value of the relevant index calculated at anytime prior to the Maturity Date is lower than the value of the relevant index at the time of the issue of the Unsubordinated Notes or at the time of purchase by the holders of Unsubordinated Notes, then the amount of interest payable by the Issuer and/or the principal of Inflation Linked Notes may vary. Holders of Unsubordinated Notes may receive no interest. However, if the nominal amount to be repaid at maturity is below par, the Inflation Linked Notes will be redeemed at par.

Neither the current nor the historical levels of any of the Inflation Indices should be taken as an indication of future performance of such index during the term of any Inflation Linked Notes.

Inflation Linked Notes are not in any way sponsored, endorsed, sold or promoted by the INSEE or Eurostat, as the case may be, and the INSEE or Eurostat, makes no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of any of the Inflation Indices and/or the figure at which such indices stand at any particular time. The Inflation Indices are determined, composed and calculated by the INSEE or Eurostat, as the case may be, without regard to the Issuer or the Unsubordinated Notes. The INSEE or Eurostat, as the case may be, is not responsible for or has not participated in the determination of the timing of, prices of, or quantities of the Inflation Linked Notes to be issued or in the determination or calculation of the interest payable under such Unsubordinated Notes.

The above-factors could materially and adversely affect the liquidity of the Unsubordinated Notes and investors could lose all or part or part of their investment.

2.5 Risk Factors relating to Renminbi-denominated Notes

Unsubordinated Notes denominated in Renminbi (“**RMB Notes**”) may be issued under the Programme. RMB Notes contain particular risks for potential investors.

Renminbi is not freely convertible and may adversely affect the liquidity of the RMB Notes.

Renminbi is not freely convertible at present. The government of the People’s Republic of China (the “**PRC Government**”) continues to regulate conversion between Renminbi and foreign currencies, including the U.S. dollar, despite the significant reduction over the years by the PRC government of its control over routine foreign exchange transactions under current accounts. This may affect the liquidity of the RMB Notes and the Issuer’s ability to source Renminbi out of the PRC to service RMB Notes.

Remittance of Renminbi into and out of the PRC for the purposes of capital account items, such as capital contributions, debt financing and securities investments, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into and out of the PRC for settlement of capital account items are adjusted from time to time to match the policies of the PRC Government.

Although Renminbi was added to the Special Drawing Rights basket created by the International Monetary Fund in 2016, and the People’s Bank of China (“**PBOC**”) and the Ministry of Commerce of the People’s Republic of China have implemented policies for further improving accessibility to Renminbi to settle cross-border transactions in foreign currencies, there is a risk that the PRC Government will not continue to gradually liberalise the control over cross-border remittance of Renminbi in the future, that any pilot schemes for Renminbi cross-border utilisation will be discontinued or that new regulations in the PRC will be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the Issuer’s ability to source Renminbi to finance its obligations under the RMB Notes.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the RMB Notes and the Issuer's ability to source Renminbi outside the PRC to service such RMB Notes.

As a result of the restrictions imposed by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. In efforts to internationalise the Renminbi, the PBoC has established Renminbi clearing and settlement systems for participating banks in various countries through settlement agreements on the clearing of Renminbi business with financial institutions (each, a “**Renminbi Clearing Bank**”) in a number of financial centres and cities, has established the Cross-Border Inter-Bank Payments System (CIPS) to facilitate cross-border Renminbi settlement and is in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions (the “**Settlement Arrangements**”).

However, the current size of Renminbi-denominated financial assets outside the PRC is limited.

There are restrictions imposed by PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as restrictions on the types of transactions for such cross-border Renminbi settlement. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from PBoC, although the PBoC has gradually allowed participating banks to access the PRC’s onshore inter-bank market for the purchase and sale of Renminbi. The Renminbi Clearing Banks have limited access to onshore liquidity support from PBoC for the purpose of squaring open positions

of its relevant participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In cases where the participating banks cannot source sufficient Renminbi through the above channels, they will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is a risk that new PRC regulations will be promulgated or the Settlement Agreements will be terminated or amended in the future which will have the effect of restricting availability of Renminbi offshore. The limited availability of Renminbi outside the PRC may affect the liquidity of the RMB Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its RMB Notes, there is a risk that the Issuer will not be able to source such Renminbi on satisfactory terms, if at all. Should the Issuer resort to using another currency, such as U.S. dollar, to respect its payment obligations under the RMB Notes, the relevant holders of Unsubordinated Notes may lose part of their investment when converting such currency back into Renminbi, depending on the prevailing exchange rate at that time. As a result, holders of Unsubordinated Notes may receive a lower income on their investments in the Unsubordinated Notes or lose all or part of their investment.

2.6 Risk Factors relating to Notes issued at a substantial discount or premium

The issue price of any specific Series of Notes will be determined in the relevant Final Terms. The Notes may be issued at a substantial discount or premium to their nominal amount. The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

It is difficult to anticipate future market volatility in interest rates, but any such volatility may have a significant adverse effect on the value and marketability of the Notes and Noteholders could lose part of their investment.

3 Risk Factors relating to the market generally

No active Secondary/Trading Market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there may be no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single Series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although in relation to Notes to be listed and admitted to trading on Euronext Paris, the Final Terms of the Notes will be filed with the AMF in Paris where the Notes will be listed and admitted to trading, any particular Tranche of Notes may not be so listed and admitted or an active trading market may not develop. Accordingly, the development or liquidity of any trading market for any particular Tranche of Notes remains uncertain. As a consequence, investors may not be able to sell Notes readily or at prices that will enable them to realise their anticipated yield and as a result, investors could lose all or part of their investment in the Notes.

Market Value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including the value of an index, including, but not limited to, the volatility of an index, market interest and yield rates and the time remaining to the maturity date.

Application will be made in certain circumstances to list and admit the Notes on Euronext Paris.

The value of the Notes or the Inflation Indices depends on a number of interrelated factors, including economic, financial and political events in France, in the United Kingdom (including Brexit) or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such Noteholder and result in losing part of their investment in the Notes. The historical level of the Inflation Index should not be taken as an indication of such index's future performance during the term of any Note.

Exchange Rates risks and exchange controls

The Programme allows for Notes to be issued in a range of currencies. An investment in the Notes may involve exchange rate risks. The reference assets or the Notes may be denominated in a currency other than the currency of the purchaser's home jurisdiction; and/or the reference assets or the Notes may be denominated in a currency other than the currency in which a purchaser wishes to receive funds. Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro-economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). Fluctuations in exchange rates may affect the value of the Notes or the reference assets.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. If this risk ever materialises, investors may receive less interest or principal than expected, or no interest or principal at all.

SUPPLEMENT TO THE BASE PROSPECTUS

If at any time the Issuer is required to prepare a prospectus supplement pursuant to provisions of Article 23 of the Prospectus Regulation, the Issuer will prepare and make available an appropriate supplement to this Base Prospectus or a further Base Prospectus which, in respect of any subsequent issue of Notes to be listed and admitted to trading on Euronext Paris or on a Regulated Market for a Member State of the EEA or offered to the public in a Member State of the EEA, shall constitute (only in respect of an appropriate supplement to the Base Prospectus) a prospectus supplement as required by Article 23 of the Prospectus Regulation.

The Issuer has given an undertaking to the Dealers that if at any time during the duration of the Programme there is a significant new factor, material mistake or material inaccuracy relating to the information contained in this Base Prospectus which may affect the assessment of any Notes and whose inclusion in or removal from this Base Prospectus is necessary for the purpose of allowing an investor to make an informed assessment of the assets and liabilities, profits and losses, financial position, and prospects of the Issuer, the rights attaching to the Notes, and the reason for the issuance and its impact on the Issuer, the Issuer shall prepare a supplement to this Base Prospectus for use in connection with any subsequent offering of the Notes and shall supply to each Dealer such number of copies of such supplement hereto or replacement Base Prospectus as such Dealer may reasonably request.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Unsubordinated Notes issued as Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on Definitive Materialised Bearer Notes. References in the Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

All capitalised terms are defined in these Conditions and those which are not will have the meanings given to them in the relevant Final Terms.

An agency agreement dated 8 March 2024 (as amended or supplemented from time to time, the “**Agency Agreement**”) has been agreed between Arkema (“**Arkema**” or the “**Issuer**”), Uptevia as fiscal agent and the other agents named in it. The fiscal agent, the paying agents, the redenomination agent, the consolidation agent and the calculation agent(s) for the time being (if any) are referred to below respectively as the “**Fiscal Agent**”, the “**Paying Agents**” (which expression shall include the Fiscal Agent), the “**Redenomination Agent**”, the “**Consolidation Agent**” and the “**Calculation Agent(s)**”. The holders of Dematerialised Notes and Materialised Notes, the holders of the interest coupons (the “**Coupons**”) relating to interest bearing Materialised Notes and, where applicable in the case of such Notes, talons (the “**Talons**”) for further Coupons (the “**Couponholders**”) and the holders of the receipts (the “**Receipts**”) for the payment of instalments of principal (the “**Receiptholders**”) relating to Materialised Notes of which the principal is payable in instalments are deemed to have notice of all of the provisions of the Agency Agreement applicable to them. In respect of Condition 6(d), Uptevia will not act as Calculation Agent and the Issuer has appointed Aether Financial Services as an independent calculation agent (the “**Make-Whole Calculation Agent**”) in respect of such Condition. In respect of Materialised Notes (as defined below), Uptevia will not act as Fiscal Agent, Paying Agents or Calculation Agent and the Issuer will appoint any relevant agent (which will be specified in the relevant Final Terms).

References below to “**Conditions**” are, unless the context requires otherwise, to the numbered paragraphs below.

For the purpose of these Conditions, “**Regulated Market**” means any regulated market situated in a Member State of the European Economic Area (“**EEA**”) as defined in the Markets in Financial Instruments Directive 2014/65/EU, as amended from time to time.

1 Form, Denomination(s), Title and Redenomination

- (a) **Form:** Notes may be issued either in dematerialised form (“**Dematerialised Notes**”) or in materialised form (other than Subordinated Notes) (“**Materialised Notes**”).

Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier* (the “**Code**”) by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the Code) will be issued in respect of the Dematerialised Notes.

Dematerialised Notes are issued, at the option of the Issuer and as specified in the relevant Final Terms (the “**Final Terms**”), in either bearer dematerialised form (*au porteur*), in which case they are inscribed in the books of Euroclear France (acting as central depository) (“**Euroclear France**”) which shall credit the accounts of Account Holders, or in registered dematerialised form (*au nominatif*) and, in such latter

case, at the option of the relevant Noteholder in either administered registered form (*au nominatif administré*) inscribed in the books of an Account Holder or in fully registered form (*au nominatif pur*) inscribed in an account in the books of Euroclear France maintained by the Issuer or the registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the “**Registration Agent**”).

The Issuer may require the identification of the Noteholders in accordance with French law unless such right is expressly excluded in the relevant Final Terms.

For the purpose of these Conditions, “**Account Holder**” means any financial intermediary institution entitled directly or indirectly to hold accounts on behalf of its customers with Euroclear France, and includes the depositary bank for Clearstream Banking, S.A. (“**Clearstream**”) and Euroclear Bank SA/NV (“**Euroclear**”).

Unsubordinated Notes issued as Materialised Notes are issued in bearer form (“**Materialised Bearer Notes**”). Materialised Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more Receipts attached.

- (ii) Title to Materialised Bearer Notes in definitive form having, where appropriate, Coupons, Receipt(s) and/or a Talon attached thereto on issue (“**Definitive Materialised Bearer Notes**”), shall pass by delivery.
- (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.

(d) **Redenomination:**

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Receipt, Coupon or Talon, by giving at least 30 calendar days' notice in accordance with Condition 15 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty on the Functioning of the European Union, as amended from time to time (the "**Treaty**")), or events have occurred which have substantially the same effects, redenominate all, but not some only, of the Notes of any Series (as defined below) into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the "**Redenomination Date**".
- (ii) The redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations of the Treaty and rounding the resultant figure to the nearest €0.01 (with €0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 15. Any balance remaining from the redenomination with a denomination higher than €0.01 shall be paid by way of cash adjustment rounded to the nearest €0.01 (with €0.005 being rounded upwards). - (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting

If a Fixed Coupon Amount or a Broken Amount is specified in the relevant Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified in the relevant Final Terms.

(ii) *Fixed Rate Resettable Notes:*

(A) Rate of Interest for Resettable Notes: If a Subordinated Note is specified in the relevant Final Terms as Fixed Rate Resettable (“**Fixed Rate Resettable Notes**”), it will bear interest on its outstanding nominal amount at a Rate of Interest which will initially be a fixed rate and will then be resettable as provided below:

The Rate of Interest in respect of an Interest Period will be as follows:

- (1) For each Interest Period falling in the period from (and including) the Interest Commencement Date to (but excluding) the First Reset Date, the Initial Rate of Interest;
- (2) For each Interest Period falling in the First Reset Period, the First Reset Rate of Interest; and
- (3) For each Interest Period falling in any Subsequent Reset Period(s) thereafter, the Subsequent Reset Rate of Interest in respect of the relevant Subsequent Reset Period(s).

(B) *Fallback provisions for Fixed Rate Resettable Notes:*

If on any Reset Determination Date, the Relevant Screen Page is not available or the Mid-Swap Rate does not appear on the Relevant Screen Page as of the Relevant Screen Page Time on the relevant Reset Determination Date, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its Mid-Market Swap Rate Quotation as at approximately the Relevant Screen Page Time on the Reset Determination Date in question.

If on any Reset Determination Date, at least three of the Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest, as the case may be, for the relevant Reset Period will be the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant quotations provided, eliminating the highest quotation (or, in the event of equality, one of the highest)

and the lowest (or, in the event of equality, one of the lowest) plus the Initial Margin together with any Subsequent Step-Up Margin applicable to the relevant Reset Period, as the case may be, all as determined by the Calculation Agent.

If on any Reset Determination Date only two relevant quotations are provided, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest, as the case may be, for the relevant Reset Period will be the arithmetic mean (rounded as aforesaid) of the relevant quotations provided plus the Initial Margin together with any Subsequent Step-Up Margin applicable to the relevant Reset Period, as the case may be, all as determined by the Calculation Agent.

If on any Reset Determination Date, only one relevant quotation is provided, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest, as the case may be, for the relevant Reset Period will be the relevant quotation provided plus the Initial Margin together with any Subsequent Step-Up Margin applicable to the relevant Reset Period, as the case may be, all as determined by the Calculation Agent.

If on any Reset Determination Date, none of the Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided above, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest, as the case may be, shall be the Rate of Interest as at the last preceding Reset Date or, if none, the Initial Rate of Interest.

However, notwithstanding the above, in the case of a Mid-Swap Benchmark Event, Condition 5(b)(ii)(C) below shall apply.

(C) Benchmark discontinuation for Fixed Rate Resettable Notes:

(a) Independent Adviser

If a Mid-Swap Benchmark Event occurs in relation to an Original Mid-Swap Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Mid-Swap Rate, then the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Mid-Swap Rate, failing which an Alternative Mid-Swap Rate (in accordance with Condition 5(b)(ii)(C)(b)) and, in either case, a Mid-Swap Adjustment Spread if any (in accordance with Condition 5(b)(ii)(C)(c)) and any Mid-Swap Benchmark Amendments (in accordance with Condition 5(b)(ii)(C)(d)).

In making such determination, the Independent Adviser appointed pursuant to this Condition 5(b)(ii)(C) shall act in good faith in a commercially reasonable manner as an expert and in consultation with the Issuer. In the absence of bad faith, manifest error or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Paying Agents, or the holders of Subordinated Notes for any determination made by it, pursuant to this Condition 5(b)(ii)(C).

If the Issuer is unable to appoint an Independent Adviser; or the Independent Adviser appointed by it fails to determine a Successor Mid-Swap Rate or, failing which, an Alternative Mid-Swap Rate in accordance with this Condition 5(b)(ii)(C)(a) prior to the relevant Reset Determination Date, the Mid-Swap Rate applicable for the relevant Reset Period will be equal to the last Mid-Swap Rate available on the Relevant Screen Page as determined by the Calculation Agent.

Notwithstanding any other provision of this Condition 5(b)(ii)(C), no Successor Mid-Swap Rate or Alternative Mid-Swap Rate will be adopted, nor will the applicable Mid-Swap Adjustment Spread be applied, nor will any other related Mid-Swap Benchmark

Amendments be made, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to (i) result in a reduction of the amount of "equity credit" assigned to the Subordinated Notes by any Rating Agency when compared to the "equity credit" assigned to the Subordinated Notes immediately prior to the occurrence of the relevant Mid-Swap Benchmark Event from such Rating Agency or (ii) otherwise prejudice the eligibility of the Subordinated Notes for "equity credit" from any Rating Agency.

(b) Successor Mid-Swap Rate or Alternative Mid-Swap Rate

If the Independent Adviser, determines that:

- (i) there is a Successor Mid-Swap Rate, then such Successor Mid-Swap Rate shall (subject to adjustment as provided in Condition 5(b)(ii)(C)(c)) subsequently be used in place of the Original Mid-Swap Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Subordinated Notes (subject to the operation of this Condition 5(b)(ii)(C)); or
- (ii) there is no Successor Mid-Swap Rate but that there is an Alternative Mid-Swap Rate, then such Alternative Mid-Swap Rate shall (subject to adjustment as provided in Condition 5(b)(ii)(C)(c)) subsequently be used in place of the Original Mid-Swap Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Subordinated Notes (subject to the operation of this Condition 5(b)(ii)(C)).

(c) Mid-Swap Adjustment Spread

If the Independent Adviser determines (i) that a Mid-Swap Adjustment Spread is required to be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Mid-Swap Adjustment Spread, then such Mid-Swap Adjustment Spread shall be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate (as the case may be).

(d) Mid-Swap Benchmark Amendments

If any Successor Mid-Swap Rate, Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread is determined in accordance with this Condition 5(b)(ii)(C) and the Independent Adviser determines (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Mid-Swap Rate, Alternative Mid-Swap Rate and/or Mid-Swap Adjustment Spread (such amendments, the "**Mid-Swap Benchmark Amendments**") and (ii) the terms of the Mid-Swap Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(b)(ii)(C)(e), without any requirement for the consent or approval of the holders of Subordinated Notes, vary these Conditions to give effect to such Mid-Swap Benchmark Amendments with effect from the date specified in such notice.

For the avoidance of doubt, and in connection with any such variation in accordance with this Condition 5(b)(ii)(C)(d), the Issuer shall comply with the rules of any stock exchange on which the Subordinated Notes are for the time being listed or admitted to trading.

(e) Notices

Any Successor Mid-Swap Rate, Alternative Mid-Swap Rate, Mid-Swap Adjustment Spread and the specific terms of any Mid-Swap Benchmark Amendments, determined under this Condition 5(b)(ii)(C) will be notified promptly by the Issuer, after receiving such information from the Independent Adviser, to the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative of the *Masse* (if any) and, in accordance with Condition 15, the holders of Subordinated Notes. Such notice shall be irrevocable and shall specify the effective date of the Mid-Swap Benchmark Amendments, if any.

The Successor Mid-Swap Rate or, as the case may be, the Alternative Mid-Swap Rate and, where applicable, the Mid-Swap Adjustment Spread (if any) and/or the specific terms of the Mid-Swap Benchmark Amendments (if any) specified in such notice, will (in the absence of manifest error or bad faith in the determination of the Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread (if any) and the Mid-Swap Benchmark Amendments (if any)) be final and binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agent and the holders of Subordinated Notes.

(f) Survival of Original Mid-Swap Rate

Without prejudice to the obligations of the Issuer under Condition 5(b)(ii)(C)(a), (b), (c) and (d), the Original Mid-Swap Rate and the fallback provisions provided for in Condition 5(b)(ii)(C) will continue to apply unless and until a Mid-Swap Benchmark Event has occurred.

This Condition 5(b)(ii) is only applicable to Subordinated Notes.

(c) **Interest on Floating Rate Notes and Inflation Linked Notes:**

- (i) *Interest Payment Dates:* Each Floating Rate Note and Inflation Linked Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear (except as otherwise provided in the relevant Final Terms) on each Interest Payment Date. Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (ii) *Business Day Convention:* If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day. Notwithstanding the foregoing, where the applicable Final Terms specify that the relevant Business Day Convention

is to be applied on an “unadjusted” basis, the Interest Amount payable on any date shall not be affected by the application of the Business Day Convention.

- (iii) *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to either FBF Determination, ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) *FBF Determination for Floating Rate Notes:*

For the purposes of this sub-paragraph (B), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms;

- (i) the offered quotation or
- (ii) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either (i) 11:00 a.m. (Brussels time in the case of EURIBOR) or (ii) if otherwise, the Relevant Screen Page Time on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (b) If the Relevant Screen Page is not available or if sub-paragraph (a)(i) applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (a)(ii) applies and fewer than three such offered quotations appear on the Relevant Screen Page, subject as provided below, the Calculation Agent shall request, (i) if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, or (ii) if otherwise, each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is EURIBOR, at approximately 11:00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen Page Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.
- (c) If paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is EURIBOR, at approximately 11:00 a.m. (Brussels time) or, if otherwise, at the Relevant Screen Page Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, or, if otherwise, the Relevant Inter-Bank Market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is EURIBOR, at approximately 11:00 a.m. (Brussels time), or, if otherwise, at the Relevant Screen Page Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is EURIBOR, the Euro zone inter-bank market, or, if

otherwise, the Relevant Inter-Bank Market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

- (d) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being CMS Rate, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be determined by the Calculation Agent by reference to the following formula:

$$\text{CMS Rate} + \text{Margin}$$

If the Relevant Screen Page is not available at the Specified Time on the relevant Interest Determination Date: (i) the Calculation Agent shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at approximately the Specified Time on the relevant Interest Determination Date; (ii) if at least three of the CMS Reference Banks provide the Calculation Agent with such quotations, the CMS Rate for such Interest Accrual Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or, in the event of equality, one of the highest quotations and the lowest quotation (or, in the event of equality, one of the lowest quotations) and (iii) if on any Interest Determination Date less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with the then prevailing standard market practice.

For the purposes of this sub-paragraph (d):

Margin, Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the relevant Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

Any determination, decision or election that may be made by the Calculation Agent (or such other independent party with appropriate expertise and international repute responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) pursuant to this Condition 5(c)(iii)(C)(e), including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, (i) will be conclusive and binding absent manifest error, (ii) will be made in the Calculation Agent's (or such other independent party with appropriate expertise and international repute responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) sole discretion, acting in good faith and in a commercial and reasonable manner, and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

Notwithstanding any provision of this Condition 5(c)(iii)(C)(f), if the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other independent party with appropriate expertise and international repute responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms), no Benchmark Replacement will be adopted by the Calculation Agent (or such other independent party with appropriate expertise and international repute responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) and the Benchmark Replacement will be SOFR determined as of the U.S. Government Securities Business Day immediately preceding the Benchmark Replacement Date.

The following defined terms shall have the meanings set out below for purpose of this Condition 5(c)(iii)(C)(f):

“**Benchmark**” means, initially, the relevant SOFR Benchmark specified in the relevant Final Terms; provided that if the Calculation Agent or, as the case may be, the Alternate Agent determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the relevant Benchmark (including any daily published component used in the calculation thereof) or the then-current Benchmark, then “**Benchmark**” means the applicable Benchmark Replacement;

“**Benchmark Transition Event**” means the occurrence of one or more of the following events with respect to the then-current Benchmark (including any daily published component used in the calculation thereof):

- (i) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that such administrator has ceased or will cease to provide the Benchmark (or such component), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or
- (ii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component) or a court or an entity with

similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or

- (iii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative or has been or will be prohibited from being used or that its use has been or will be subject to restrictions or adverse consequences either generally or with respect to the Notes;

“Benchmark Replacement” means the first alternative set forth in the order below that can be determined by the Calculation Agent or, as the case may be, the Alternate Agent as of the Benchmark Replacement Date:

- (i) the sum of:
 - (a) the alternate reference rate that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark (including any daily published component used in the calculation thereof); and
 - (b) the Benchmark Replacement Adjustment;
- (ii) the sum of:
 - (a) the ISDA Fallback Rate; and
 - (b) the Benchmark Replacement Adjustment; or
- (iii) the sum of:
 - (a) the alternate reference rate that has been selected by the Calculation Agent or, as the case may be, the Alternate Agent as the replacement for the then-current Benchmark (including any daily published component used in the calculation thereof) giving due consideration to any industry-accepted reference rate as a replacement for the then-current Benchmark (including any daily published component used in the calculation thereof) for U.S. dollar-denominated Floating Rate Notes at such time; and
 - (b) the Benchmark Replacement Adjustment;

“Benchmark Replacement Adjustment” means the first alternative set forth in the order below that can be determined by the Calculation Agent or, as the case may be, the Alternate Agent as of the Benchmark Replacement Date:

- (i) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (ii) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, the ISDA Fallback Adjustment; or
- (iii) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Calculation Agent or, as the case may be, the Alternate Agent giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark (including any daily published component used in the calculation thereof) with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated Floating Rate Notes at such time;

“Benchmark Replacement Conforming Changes” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the timing and frequency of determining rates and making payments of interest, rounding of amounts or tenors, and other administrative matters) the Calculation Agent or, as the case may be, the Alternate Agent decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Calculation Agent or, as the case may be, the Alternate Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent or, as the case may be, the Alternate Agent determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Calculation Agent or, as the case may be, the Alternate Agent determines is reasonably necessary acting in good faith and in a commercial manner);

“Benchmark Replacement Date” means the earliest to occur of the following events with respect to the then-current Benchmark (including any daily published component used in the calculation thereof):

- (i) in the case of sub-paragraph (i) or (ii) of the definition of “Benchmark Transition Event”, the later of:
 - (x) the date of the public statement or publication of information referenced therein; and

- (y) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark (or such component); or
- (ii) in the case of sub-paragraph (iii) of the definition of “Benchmark Transition Event”, the date of the public statement or publication of information referenced therein.

For the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination;

“**ISDA Definitions**” means the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time;

“**ISDA Fallback Adjustment**” means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark;

“**ISDA Fallback Rate**” means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark (including any daily published component used in the calculation thereof) for the applicable tenor excluding the applicable ISDA Fallback Adjustment;

“**Reference Time**” with respect to any determination of the Benchmark means (1) if the Benchmark is the SOFR Benchmark, the SOFR Determination Time (where Simple SOFR Average or Compounded Daily SOFR is specified as applicable in the relevant Final Terms) or SOFR Index Determination Time (where Compounded SOFR Index is specified as applicable in the relevant Final Terms), or (2) if the Benchmark is not the SOFR Benchmark, the time determined by the Calculation Agent or, as the case may be, the Alternate Agent after giving effect to the Benchmark Replacement Conforming Changes;

“**Relevant Governmental Body**” means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto; and

“**Unadjusted Benchmark Replacement**” means the Benchmark Replacement excluding the Benchmark Replacement Adjustment.

$$\left(\frac{SONIA\ Compounded\ Index_{END}}{SONIA\ Compounded\ Index_{START}} - 1 \right) \times \left(\frac{365}{d} \right)$$

provided, however, that if the SONIA Compounded Index Value is not available in relation to any Interest Accrual Period on the Relevant Screen Page for the determination of either or both of SONIA Compounded Index_{START} and SONIA Compounded Index_{END}, the Rate of Interest shall be calculated for such Interest Accrual Period on the basis of the SONIA Compounded Daily Reference Rate as set out in Condition 5(c)(iii)(C)(g)(y) as if SONIA Compounded Daily Reference Rate with Observation Shift had been specified in the relevant Final Terms and the “Relevant Screen Page” shall be deemed to be the “Relevant Fallback Screen Page” as specified in the relevant Final Terms,

“SONIA Compounded Index_{END}” means the SONIA Compounded Index Value on the date falling “p” London Business Days prior to (i) in respect of an Interest Accrual Period, the Interest Payment Date for such Interest Accrual Period, or (ii) if the Notes become due and payable prior to the end of an Interest Accrual Period, the date on which the Notes become so due and payable; and

“SONIA Compounded Index Value” means in relation to any London Business Day, the value of the SONIA Compounded Index as published by authorised distributors on the Relevant Screen Page on such London Business Day or, if the value of the SONIA Compounded Index cannot be obtained from such authorised distributors, as published on the Bank of England’s Website at www.bankofengland.co.uk/boeapps/database/ (or such other page or website as may replace such page for the purposes of publishing the SONIA Compounded Index) on such London Business Day.

(y) **SONIA Compounded Daily Reference Rate**

If SONIA Compounded Daily Reference Rate is specified in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period will be the SONIA Compounded Daily Reference Rate as follows, plus or minus (as indicated in the relevant Final Terms) the Margin (if any),

“SONIA Compounded Daily Reference Rate” means, in respect of an Interest Accrual Period, the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) and will be calculated by the

Calculation Agent (or such other independent party with appropriate expertise and international repute responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) on the Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the fourth decimal place, with 0.00005 being rounded upwards,

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SONIA_i \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

Where:

“**London Business Day**”, “**Observation Period**” and “**p**” have the meanings set out under Condition 5(c)(iii)(C)(g)(x);

the “**SONIA reference rate**”, in respect of any London Business Day, is a reference rate equal to the daily Sterling Overnight Index Average (“**SONIA**”) rate for such London Business Day as provided by the

administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page on the next following London Business Day or, if the Relevant Screen Page is unavailable, as published by authorised distributors on such London Business Day or, if SONIA cannot be obtained from such authorised distributors, as published on the Bank of England's Website at www.bankofengland.co.uk/boeapps/database/ (or such other page or website as may replace such page for the purposes of publishing the SONIA reference rate).

(z) Where SONIA is specified as the Reference Rate in the relevant Final Terms and either (i) SONIA Compounded Daily Reference Rate is specified in the relevant Final Terms, or (ii) the SONIA Compounded Index Rate is specified in the relevant Final Terms, if, in respect of any London Business Day, the SONIA reference rate is not available on the Relevant Screen Page or Relevant Fallback Screen Page as applicable, (or as otherwise provided in the relevant definition thereof), such Reference Rate shall be:

1. (i) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at close of business on the relevant London Business Day; plus (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five days on which the SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate, or
2. if such Bank Rate is not available, the SONIA reference rate published on the Relevant Screen Page (or as otherwise provided in the relevant definition thereof) for the first preceding London Business Day on which the SONIA reference rate was published on the Relevant Screen Page (or as otherwise provided in the relevant definition thereof), and

Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Note remains outstanding, be that determined on such date.

(D) Benchmark discontinuation for Floating Rate Notes

(a) Independent Adviser

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined in accordance with Condition 5(c)(iii)(C) (except in respect of Conditions 5(c)(iii)(C)(e), 5(c)(iii)(C)(f) and 5(c)(iii)(C)(g)) and if a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(c)(iii)(D)(b)) and, in either case, an Adjustment Spread if any (in accordance with Condition 5(c)(iii)(D)(c)) and any Benchmark Amendments (in accordance with Condition 5(c)(iii)(D)(d)).

In making such determination, the Independent Adviser appointed pursuant to this Condition 5(c)(iii)(D) shall act in good faith in a commercially reasonable manner as an independent expert and in consultation with the Issuer. The Issuer will not take any discretionary decision on the basis of such consultation. In the absence of bad faith, manifest error or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Paying Agents, or the Noteholders, the Receiptholders or the Couponholders for any determination made by it, pursuant to this Condition 5(c)(iii)(D).

If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 5(c)(iii)(D)(a) prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Period. If there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest. Where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period shall be substituted in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period. For the avoidance of doubt, this Condition 5(c)(iii)(D)(a) shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 5(c)(iii)(D)(a).

(b) Successor Rate or Alternative Rate

If the Independent Adviser, determines that:

- (i) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(D)(c)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 5(c)(iii)(D)); or
- (ii) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(D)(c)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 5(c)(iii)(D)).

(c) Adjustment Spread

If the Independent Adviser, determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be).

(d) Benchmark Amendments

If any Successor Rate or any Alternative Rate and, in either case, the applicable Adjustment Spread is determined in accordance with this Condition 5(c)(iii)(D) and the Independent Adviser, determines (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and/or (in either case) the applicable Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(c)(iii)(D)(e), without any requirement for the consent or approval of Noteholders, vary these Conditions to give effect to such Benchmark Amendments with effect from the date specified in such notice.

For the avoidance of doubt, and in connection with any such variation in accordance with this Condition 5(c)(iii)(D)(d), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(e) Notices

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 5(c)(iii)(D) will be notified promptly by the Issuer, after receiving such information from the Independent Adviser, to the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative of the *Masse* and, in accordance with Condition 15, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

The Issuer shall deliver to the Fiscal Agent a certificate signed by an authorised signatory of the Issuer and the Independent Adviser:

- (i) confirming, on the basis of the determination of the Independent Adviser (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Rate and, (iii) where applicable, any Adjustment Spread and (iv) the specific terms of the Benchmark Amendments (if any), in each case as determined in accordance with the provisions of this Condition 5(c)(iii)(D); and
- (ii) certifying that the Benchmark Amendments (if any) are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and (in either case) the applicable Adjustment Spread.

Each of the Fiscal Agent, the Calculation Agent and the Paying Agents shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error or bad faith in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Fiscal Agent's, the Calculation Agent's or the Paying Agents' ability to rely on such certificate as aforesaid) be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agent and the Noteholders.

- (f) Survival of Original Reference Rate

Without prejudice to the obligations of the Issuer under Condition 5(c)(iii)(D)(a), (b), (c) and (d), the Original Reference Rate and the fallback provisions provided for in Condition 5(c)(iii)(B) will continue to apply unless and until a Benchmark Event has occurred.

- (g) New Benchmark Event in respect of the Successor Rate or Alternative Rate

If Benchmark Amendments have been implemented pursuant to this Condition 5(c)(iii)(D) and a new Benchmark Event occurs in respect of the then applicable Successor Rate or Alternative Rate, the provisions of this Condition 5(c)(iii)(D) shall apply as if the Successor Rate or Alternative Rate were the Original Reference Rate.

- (iv) *Rate of Interest for Inflation Linked Notes:*

- 1. Consumer Price Index (CPI)

Where the consumer price index excluding tobacco for all households in metropolitan France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the "INSEE") ("CPI") is specified as the Index in the relevant Final Terms, this Condition 5(c)(iv)(1) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(iv)(1) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the "**CPI Linked Interest**") will be determined by the Calculation Agent on the following basis:

- (A) On the fifth Business Day before each Interest Payment Date (an “Interest Determination Date”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 5(c)(iv)(1), the “Inflation Index Ratio” or “IIR” is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “Base Reference”). Notwithstanding Condition 5(g)(iii), the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

“CPI Daily Inflation Reference Index” means (A) in relation to the first day of any given month, the CPI Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceding such month (M - 3) and the second month preceding such month (M - 2) calculated in accordance with the following formula:

CPI Daily Inflation Reference Index=

$$\text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

With:

“ND_M”: number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

“D”: actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

“CPI Monthly Reference Index_{M-2}”: price index of month M - 2;

“CPI Monthly Reference Index_{M-3}”: price index of month M - 3.

Notwithstanding Condition 5(g)(iii), the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATINFLATION01 or on Bloomberg TRESOR <GO> pages and on the website www.aft.gouv.fr. In the case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (*Trésor*) for its *obligations assimilables du Trésor indexées sur l'inflation*.

“CPI Monthly Reference Index” refers to the definitive consumer price index excluding tobacco for all households in metropolitan France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

- (B) The calculation method described below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire – www.cnofrance.org*) in its July 2011 Paper entitled “Inflation linked bonds”. In the case of any conflict between the calculation method provided below and the

calculation method provided by the Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

The CPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

(C)

(1) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the “**Substitute CPI Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:

(x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading “*indice de substitution*”. Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.

(y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M=

$$\text{CPI Monthly Reference Index}_{M-1} \times \frac{\text{CPI Monthly Reference Index}_{M-1}^{\frac{1}{12}}}{\text{CPI Monthly Reference Index}_{M-13}}$$

(2) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation Reference Index for 1 March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index}_{\text{New Basis}}^{\text{Date D}} = \text{CPI Monthly Reference Index}_{\text{Previous Basis}}^{\text{Date D}} \times \text{Key}$$

2. Harmonised Index of Consumer Prices (HICP)

Where the harmonised index of consumer prices excluding tobacco measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published monthly by Eurostat (the “**HICP**”) is specified as the Index in the relevant Final Terms,

this Condition 5(c)(iv)(2) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(iv)(2) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the “**HICP Linked Interest**”) will be determined by the Calculation Agent on the following basis:

- (A) On the fifth Business Day before each Interest Payment Date (an “Interest Determination Date”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 5(c)(iv)(2), the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). Notwithstanding Condition 5(g)(iii), the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

“**HICP Daily Inflation Reference Index**” means (A) in relation to the first day of any given month, the HICP Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third month preceding such month (M - 3) and the second month preceding such month (M - 2) calculated in accordance with the following formula:

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})$$

With:

“**ND_M**”: number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

“**D**”: actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

“**HICP Monthly Reference Index_{M-2}**”: price index of month M - 2;

“**HICP Monthly Reference Index_{M-3}**”: price index of month M - 3.

Notwithstanding Condition 5(g)(iii), the HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATEI01, on the website www.aft.gouv.fr and on Bloomberg page TRESOR.

“**HICP Monthly Reference Index**” refers to the harmonised index of consumer prices excluding tobacco measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein.

(B) The HICP Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

(C)

(1) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the “**Substitute HICP Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:

(x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.

(y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M =

$$\text{HICP Monthly Reference Index}_{M-1} \times \frac{\text{HICP Monthly Reference Index}_{M-12}}{\text{HICP Monthly Reference Index}_{M-13}}$$

(2) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1 March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{HICP Monthly Reference Index}_{\text{New Basis}}^{\text{Date D}} = \text{HICP Monthly Reference Index}_{\text{Previous Basis}}^{\text{Date D}} \times \text{Key}$$

This Condition 5(c)(iv) is not applicable to Subordinated Notes.

(d) **Fixed/Floating Rate Notes:** Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect, upon giving not less than fifteen (15) calendar days prior notice in accordance with Condition 14, to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate (the “**Optional Change of Interest Date**”) or (ii) that will automatically change from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms (the “**Automatic Change of Interest Date**”).

(e) **Zero Coupon Notes:** Where an Unsubordinated Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable

prior to the Maturity Date shall be the Early Redemption Amount of such Unsubordinated Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such an Unsubordinated Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(i)(i)). This Condition 5(e) is not applicable to Subordinated Notes.

- (f) **Accrual of Interest:** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Unsubordinated Notes issued as Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgement) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date.
- (g) **Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts, and Rounding:**
- (i) If any Margin is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be. In no event shall the applicable rate of interest (including, for the sake of clarity, any applicable margin) be less than zero.
- (iii) For the purposes of any calculations required pursuant to these Conditions, (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of Yen, which shall be rounded down to the nearest Yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.
- (h) **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.
- (i) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts, Early Redemption Amounts and Instalment Amounts:** The Calculation Agent shall, as soon as practicable on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be

calculated, the Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed and admitted to trading on a Regulated Market and the rules of such Regulated Market so require, such exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest and the Rate of Interest payable in respect of the Notes shall, subject in the case of (i) €STR to Condition 5(c)(iii)(C)(e), (ii) SOFR Benchmark to Condition 5(c)(iii)(C)(f) and (iii) SONIA to Condition 5(c)(iii)(C)(g), nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

- (j) **Calculation Agent:** The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined in Condition 4). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

- (k) **RMB Notes:** Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate per annum equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrears on each Interest Payment Date.

The Calculation Agent will, as soon as practicable after 11:00 a.m. (Hong Kong time) on each Interest Determination Date, calculate the amount of interest payable per Specified Denomination for the relevant Interest Period. The determination of the amount of interest payable per Specified Denomination by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable per Specified Denomination for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to

be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Specified Denomination and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the RMB Notes become due and payable under Condition 9, the accrued interest per Specified Denomination shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Specified Denomination so calculated need be made.

Interest shall be calculated in respect of any period by applying the Rate of Interest to the Specified Denomination, multiplying such product by the actual number of days in the relevant Interest Period or, as applicable, other period concerned and dividing it by 365, and rounding the resulting figure to the nearest Renminbi sub-unit, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

This Condition 5(k) is not applicable to Subordinated Notes.

- (l) **Adjustment of the Rate of Interest:** If an Interest Rate Adjustment is specified in the relevant Final Terms, the rate of interest payable on the Unsubordinated Notes will be subject to adjustment following the occurrence of a Step Up Event or a Step Down Event (each such adjustment an “**Interest Rate Adjustment**”). Any Interest Rate Adjustment shall be effective from and including the Interest Payment Date immediately following the date of the Step Up Event or the Step Down Event (as applicable) until the Maturity Date.

For the avoidance of doubt, in relation to an Interest Period, a Step Up Event or Step Down Event will only result in an Interest Rate Adjustment on the immediately following Interest Payment Date to the extent that neither a Step Down Event, nor a Step Up Event, as relevant, subsequently occurs during such Interest Period.

For the avoidance of doubt, the concurrence or succession of two or more Step Up Events will result in one Interest Rate Adjustment only.

The Issuer will cause each Step Up Event and each Step Down Event to be notified to the Fiscal Agent and notice thereof to be given to the holders of Unsubordinated Notes in accordance with Condition 15 as soon as possible after the occurrence of the Step Up Event or the Step Down Event.

For so long as any of the Unsubordinated Notes are outstanding, the Issuer shall use all reasonable efforts to ensure the existence of a Rating from at least one Rating Agency.

The announcement by at least one Rating Agency of a decrease in the Rating which results in the Issuer ceasing to have an Investment Grade Rating shall constitute a Step Up Event (a “**Downgrade Step Up Event**”).

In the event that the Issuer deliberately renounces to maintain a Rating from at least one Rating Agency, a Step Up Event shall be deemed to have occurred as from the date upon which such a Rating ceases to be assigned (a “**No Rating Step Up Event**”).

For the purposes of this Condition:

“**Interest Rate Adjustment**” means that the rate of interest payable under the Unsubordinated Notes shall be equal to:

- (a) the Initial Rate of Interest plus the Margin Adjustment as specified in the relevant Final Terms in the case of a Step Up Event; and

(b) the Initial Rate of Interest, in the case of a Step Down Event.

“**Initial Rate of Interest**” means the Rate of Interest specified in the relevant Final Terms.

“**Investment Grade Rating**” means a rating of BBB- or Baa3, or the equivalent rating level for the time being, or better.

“**Rating Agency**” means S&P Global Ratings Europe Limited or Moody’s Deutschland GmbH or any other rating agency of equivalent international standing requested by the Issuer to grant a rating to the Issuer’s senior unsecured long-term debt and, in each case, their respective successors or affiliates.

“**Rating**” means the rating of the Issuer’s senior unsecured long-term debt.

“**Step Down Event**” means, where the rate of interest has previously been subject to an Interest Rate Adjustment following a Step Up Event, the first public announcement by a Rating Agency that it has assigned a Rating equal to an Investment Grade Rating.

“**Step Up Event**” means a No Rating Step Up Event or a Downgrade Step Up Event.

This Condition 5(l) does not apply to Subordinated Notes.

For the avoidance of doubt, no Interest Rate Adjustment will apply in the case of an early redemption of the Notes at the option of Noteholders following a Change of Control as set forth in Condition 6(k)(i).

(m) **Deferral of Interest in respect of Subordinated Notes:**

Interest payments in respect of Subordinated Notes shall only be due and payable if the Issuer so elects, in accordance with the provisions of the following paragraphs.

(i) **Optional Interest Payment**

Interest which accrues during an Interest Period ending on but excluding an Interest Payment Date will be due on that Interest Payment Date unless the Issuer, by giving notice to the holders of Subordinated Notes in accordance with sub-paragraph (iv) below, elects to defer such payment, in whole or in part, and the Issuer shall not have any obligation to make such payment and any failure to so pay shall not constitute a default by the Issuer under the Subordinated Notes or for any other purpose.

Any interest in respect of the Subordinated Notes which has not been paid in accordance with this paragraph will be deferred and shall constitute “**Arrears of Interest**” and shall be payable as outlined below.

(ii) **Payment of Arrears of Interest**

Arrears of Interest (together with any Additional Interest Amount (as defined below)) may at the option of the Issuer be paid, in whole or in part, at any time, provided that all Arrears of Interest (together with the corresponding Additional Interest Amounts (as defined below)) in respect of all Subordinated Notes for the time being outstanding shall become due and payable in whole, but not in part, on whichever is the earliest of:

- (i) the tenth (10th) Business Day following a Mandatory Payment Event;
- (ii) the next Interest Payment Date in respect of which the Issuer does not elect to defer all of the interest accrued in respect of the relevant Interest Period;
- (iii) the date on which the Subordinated Notes are redeemed; or

- (iv) the date upon which a judgment is made for the voluntary or judicial liquidation of the Issuer (*liquidation judiciaire* or *liquidation amiable*) or the sale of the whole of the business (*cession totale de l'entreprise*) of the Issuer subsequent to the opening of a judicial recovery procedure (*redressement judiciaire*) or if the Issuer is liquidated for any other reason, as contemplated under Condition 9(b) below.

Each amount of Arrears of Interest shall bear interest, in accordance with Article 1343-2 of the French *Code civil*, as if it constituted the principal of the Subordinated Notes at a rate which corresponds to the rate of interest from time to time applicable to the Subordinated Notes (the “**Arrears Interest Rate**”) and the amount of such interest (the “**Additional Interest Amount**”) with respect to Arrears of Interest shall be due and payable pursuant to this paragraph (ii) and shall be calculated by the Calculation Agent applying the Arrears Interest Rate to the amount of the Arrears of Interest and otherwise *mutatis mutandis* as provided in the foregoing provisions of this Condition.

The Additional Interest Amount accrued up to any Interest Payment Date shall be added in accordance with Article 1343-2 of the French *Code civil* to the amount of Arrears of Interest remaining unpaid on such Interest Payment Date so that it will itself become Arrears of Interest, for the purpose only of calculating the Additional Interest Amount accruing thereafter.

For the purpose hereof:

A “**Mandatory Payment Event**” means that:

- (i) a dividend, or any other distribution or payment (whether or not in cash) was validly resolved on, declared, paid or made in respect of any Equity Securities or Parity Securities of the Issuer, or
- (ii) the Issuer has repurchased, redeemed, or otherwise acquired (A) any Equity Securities, (B) in respect of Ordinary Subordinated Notes only, any Deeply Subordinated Notes, (C) in respect of Ordinary Subordinated Notes only, any *titres participatifs* issued by, or *prêts participatifs* granted to, the Issuer or (D) any Parity Securities of the Issuer other than, (x) with respect to Equity Securities, in connection with the satisfaction by the Issuer of its obligations under any (a) buy-back programme, share option, or free share allocation plan in each case reserved for directors, officers and/or employees of the Issuer's group, or (b) its liquidity agreement (*programme de liquidité*) or any associated hedging transaction with respect to (a) or (b) or the hedging of convertible securities or other equity-linked securities of the Issuer or (y) the acquisition by the Issuer of any Parity Securities (in whole or in part) in a public tender offer or public exchange offer at a purchase price per Parity Security (including, for the avoidance of doubt, the Subordinated Notes) below its par value;

save for, in each case, any compulsory dividend, other distribution, payment, repurchase, redemption or other acquisition required by the terms of such Equity Securities or Parity Securities or, in respect of Ordinary Subordinated Notes only, any Deeply Subordinated Notes or, in respect of Ordinary Subordinated Notes only, any *titres participatifs* issued by, or *prêts participatifs* granted to, the Issuer.

“**Parity Securities**” means, at any time, (a) in respect of Ordinary Subordinated Notes, any securities which rank *pari passu* with the Ordinary Subordinated Notes or (b) in respect of Deeply

Subordinated Notes², any securities which rank *pari passu* with the Deeply Subordinated Notes. The term Parity Securities shall apply *mutatis mutandis* to any instruments issued by any Subsidiary (as defined in Condition 4(a) above) of the Issuer, where relevant, provided that each such instrument shall qualify as Parity Securities only to the extent such instrument is guaranteed by the Issuer or the Issuer otherwise assumes liability for it, and the Issuer's obligations under the relevant guarantee or other assumption of liability rank *pari passu* with the Issuer's obligations under the Ordinary Subordinated Notes or the Deeply Subordinated Notes, respectively.

(iii) Optional Partial Payment of Arrears of Interest and Additional Interest Amounts

If amounts in respect of Arrears of Interest and Additional Interest Amounts are paid in part:

- (i) all unpaid amounts of Arrears of Interest shall be payable before any Additional Interest Amounts;
- (ii) Arrears of Interest accrued for any period shall not be payable until full payment has been made of all Arrears of Interest that have accrued during any earlier period and the order of payment of Additional Interest Amounts shall follow that of the Arrears of Interest to which they relate; and
- (iii) the amount of Arrears of Interest or Additional Interest Amounts payable in respect of any of the Subordinated Notes in respect of any period, shall be pro rata to the total amount of all unpaid Arrears of Interest or, as the case may be, Additional Interest Amounts accrued on the Subordinated Notes in respect of that period to the date of payment.

(iv) Notice of Deferral and Payment of Arrears of Interests

Notice of (i) deferral of any interest under the Subordinated Notes on any Interest Payment Date and (ii) any date upon which amounts in respect of Arrears of Interest and/or Additional Interest Amounts shall become due and payable shall be given to the holders of such Subordinated Notes in accordance with Condition 15, and the Paying Agents and the Calculation Agent not less than 5 Business Days, but no more than 30 Business Days, prior to such Interest Payment Date or date.

6 Redemption, Purchase and Options

- (a) **Final Redemption:** Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount) or, in the case of a Note falling within Condition 6(b) below, its final Instalment Amount. The Undated Subordinated Notes are undated obligations in respect of which there is no fixed maturity date but may be redeemed early at the option of the Issuer under certain circumstances set out below.
- (b) **Redemption by Instalments:** Unless previously redeemed, purchased and cancelled as provided in this Condition 6, each Unsubordinated Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Unsubordinated Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Unsubordinated Note, such proportion) for all purposes with effect from the

² For information purposes only, the Deeply Subordinated Notes include, as at the date of this Base Prospectus, the Euro 400,000,000 Undated Deeply Subordinated Fixed Rate Resetable Notes issued on 17 June 2019 (ISIN: FR0013425170) and the Euro 300,000,000 Undated Deeply Subordinated Fixed Rate Resetable Notes issued on 21 January 2020 (ISIN: FR0013478252).

related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Unsubordinated Notes which are Dematerialised Notes, on the due date for such payment or (ii) in the case of Unsubordinated Notes which are Materialised Notes, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

This Condition 6(b) is not applicable to Subordinated Notes.

- (c) **Residual Call Option:** If a Residual Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than 15 nor more than 30 calendar days' irrevocable notice in accordance with Condition 15 to the holders of Unsubordinated Notes (or such other notice period as may be specified in the relevant Final Terms) redeem, at any time as from the Call Option Date (as specified in the Final Terms) which shall be no earlier than 3 months before the Maturity Date, until the Maturity Date, the Unsubordinated Notes, in whole or in part, at par together with interest accrued to, but excluding, the date fixed for redemption.

All Unsubordinated Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption, the relevant provisions of Condition 6(f) shall apply *mutatis mutandis* to this Condition 6(c).

This Condition 6(c) is not applicable to Subordinated Notes.

- (d) **Make-Whole Redemption by the Issuer:**

(i) **Unsubordinated Notes**

If a Make-Whole Redemption by the Issuer is specified in the relevant Final Terms, in respect of any issue of Unsubordinated Notes, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 calendar days' irrevocable notice in accordance with Condition 15 to the holders of Unsubordinated Notes (or such other notice period as may be specified in the relevant Final Terms) redeem the Unsubordinated Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date (the "**Make-Whole Redemption Date**") at their Optional Redemption Amount. The Optional Redemption Amount will be calculated by the Make-Whole Calculation Agent and will be the greater of (x) 100 per cent. of the nominal amount of the Unsubordinated Notes so redeemed and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Unsubordinated Notes (not including any interest accrued on the Unsubordinated Notes to, but excluding, the relevant Make-Whole Redemption Date) up to, and discounted to, the relevant Make-Whole Redemption Date on an annual basis at the Redemption Rate plus a Redemption Margin (as specified in the relevant Final Terms), plus in each case (x) or (y) above, any interest accrued on the Unsubordinated Notes to, but excluding, the Make-Whole Redemption Date.

If a Residual Call Option is specified in the relevant Final Terms, the Optional Redemption Amount in respect of the Make-Whole Redemption by the Issuer will be calculated taking into account the Call Option Date (as specified in the relevant Final Terms) pursuant to Condition 6(c) above and not the Maturity Date.

If the Reference Security is no longer outstanding, a Similar Security (as specified in the relevant Final Terms) will be chosen by the Make-Whole Calculation Agent at 11:00 a.m. (Central European time (CET)) on the third business day in London preceding the Make-Whole Redemption Date, quoted in

writing by the Make-Whole Calculation Agent to the Issuer and notified in accordance with Condition 15.

The Redemption Rate will be notified by the Issuer in accordance with Condition 15.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Make-Whole Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

In the case of a partial redemption of Unsubordinated Notes, the relevant provisions of Condition 6(f) shall apply *mutatis mutandis* to this Condition 6(d).

(ii) **Subordinated Notes**

If a Make-Whole Redemption by the Issuer is specified in the relevant Final Terms, in respect of any issue of Subordinated Notes, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 calendar days' irrevocable notice in accordance with Condition 15 to the holders of Subordinated Notes (or such other notice period as may be specified in the relevant Final Terms) redeem the Subordinated Notes, in whole but not in part, at any time other than during any Residual Redemption Period (if any) and/or on any Par Call Date, prior to their Maturity Date (the "**Make-Whole Redemption Date**") at their Optional Redemption Amount.

The Optional Redemption Amount will be calculated by the Make-Whole Calculation Agent and will be the greater of (x) 100 per cent. of the nominal amount of the Subordinated Notes and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Subordinated Notes (not including any Arrears of Interest, Additional Interest Amount thereon and any interest accrued on the Subordinated Notes to, but excluding, the Make-Whole Redemption Date) up to, and discounted from, (in respect of Dated Subordinated Notes only) the Maturity Date or, if applicable, the Par Call Date immediately succeeding the Make-Whole Redemption Date to such Make-Whole Redemption Date, on an annual basis at the Redemption Rate plus a Redemption Margin (as specified in the relevant Final Terms), plus in each case (x) or (y) above, any interest accrued on the Subordinated Notes and any Arrears of Interest (including any Additional Interest Amounts thereon) to, but excluding, the Make-Whole Redemption Date.

If the Reference Security is no longer outstanding, a Similar Security (as specified in the relevant Final Terms) will be chosen by the Make-Whole Calculation Agent at 11:00 a.m. (Central European time (CET)) on the third business day in London preceding the Make-Whole Redemption Date, quoted in writing by the Make-Whole Calculation Agent to the Issuer and notified in accordance with Condition 15.

The Redemption Rate will be notified by the Issuer in accordance with Condition 15.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Make-Whole Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

(iii) **Definitions**

"**Par Call Date(s)**" means any Optional Redemption Date or, if any Residual Redemption Period(s) have been specified in the relevant Final Terms, any relevant Residual Redemption Date.

The "**Redemption Rate**" is the average of the four quotations given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security (as specified in the relevant Final Terms)

on the fourth business day preceding the Make-Whole Redemption Date at 11:00 a.m. (Central European time (CET)).

“**Reference Dealers**” means each of the four banks selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues or as specified in the relevant Final Terms.

- (e) **Clean-Up Call Option:** Unless otherwise specified in the relevant Final Terms, if at least 75 per cent. of the initial aggregate nominal amount of the Notes of the same Series have been redeemed or purchased and, in each case, cancelled, the Issuer may on giving not less than 15 nor more than 30 calendar days’ notice to the Noteholders redeem the Notes, in whole but not in part, at their Clean-Up Redemption Amount (as specified in the relevant Final Terms) together with (x) in respect of Unsubordinated Notes, any interest accrued to the date set for redemption and (y) in respect of Subordinated Notes, any interest accrued to the date set for redemption and any Arrears of Interest (including any Additional Interest Amounts thereon).

- (f) **Redemption at the Option of the Issuer and Partial Redemption:**

- (i) **Unsubordinated Notes**

If a Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than 15 nor more than 30 calendar days’ irrevocable notice in accordance with Condition 15 to the holders of Unsubordinated Notes (or such other notice period as may be specified in the relevant Final Terms) redeem, all or, if so provided in the relevant Final Terms, some, of the Unsubordinated Notes on any Optional Redemption Date. Any such redemption of Unsubordinated Notes shall be at their Optional Redemption Amount together with interest accrued to, but excluding, the date fixed for redemption, if any. Any such redemption or exercise must relate to Unsubordinated Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed specified in the relevant Final Terms.

All Unsubordinated Notes in respect of which any such notice is given shall be redeemed, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption in respect of Unsubordinated Notes issued as Materialised Notes, the notice to holders of such Unsubordinated Notes issued as Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements of the Regulated Market on which the Unsubordinated Notes are listed and admitted to trading.

In the case of a partial redemption in respect of Unsubordinated Notes issued as Dematerialised Notes of any Series, the redemption may be effected by reducing the nominal amount of all such Unsubordinated Notes issued as Dematerialised Notes in proportion to the aggregate nominal amount redeemed.

So long as the Unsubordinated Notes are listed and admitted to trading on Euronext Paris or on any Regulated Market and the rules of such Regulated Market so require, the Issuer shall, once in each year in which there has been a partial redemption of the Unsubordinated Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the *Autorité des marchés financiers* (the “**AMF**”) and on the website of any other competent authority and/or Regulated Market where the Unsubordinated Notes are listed and

admitted to trading, a notice specifying the aggregate nominal amount of Unsubordinated Notes outstanding and, in the case of Unsubordinated Notes issued as Materialised Notes, a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

(ii) **Subordinated Notes**

If a Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than 30 nor more than 60 calendar days' irrevocable notice in accordance with Condition 15 to the holders of Subordinated Notes (or such other notice period as may be specified in the relevant Final Terms) redeem all, but not some only, of the Subordinated Notes on any Optional Redemption Date or on any date during any residual redemption period (the "**Residual Redemption Period**", the first date of any such period (if any) being a "**Residual Redemption Date**", each as specified in the relevant Final Terms). Any such redemption of Subordinated Notes shall be at their Optional Redemption Amount together with any accrued interest to, but excluding, the date set for redemption and any Arrears of Interest (including any Additional Interest Amounts thereon).

- (g) **Redemption at the Option of Noteholders:** If a Put Option is specified in the relevant Final Terms, the Issuer shall, at the option of the holder of an Unsubordinated Note, upon the holder of an Unsubordinated Note giving not less than 15 nor more than 30 calendar days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Unsubordinated Note on the Optional Redemption Date(s) (as specified in the relevant Final Terms) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option the holder of an Unsubordinated Note must deposit with a Paying Agent at its specified office during usual business hours a duly completed option exercise notice (the "**Exercise Notice**") in the form obtained during usual business hours from any Paying Agent, within the notice period. In the case of Unsubordinated Notes which are Materialised Bearer Notes, the Exercise Notice shall have attached to it the relevant Unsubordinated Notes (together with all unmatured Receipts and Coupons and unexchanged Talons). In the case of Unsubordinated Notes which are Dematerialised Notes, the holder of an Unsubordinated Note shall transfer, or cause to be transferred, the Unsubordinated Notes which are Dematerialised Notes to be redeemed to the account of the Fiscal Agent or the Paying Agent with a specified office in Paris as specified in the Exercise Notice. No option so exercised and, where applicable, no Unsubordinated Note so deposited or transferred, may be withdrawn without the prior consent of the Issuer.

- (h) **Redemption of Inflation Linked Notes:** If so specified in the relevant Final Terms, the Final Redemption Amount in respect of Inflation Linked Notes will be determined by the Calculation Agent on the following basis:

Final Redemption Amount = IIR x nominal amount of the Unsubordinated Notes

"**IIR**" being for the purpose of this Condition 6(h) the ratio determined on the fifth Business Day before the Maturity Date between either (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index, on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms.

If the Final Redemption Amount calculated as set out above is below par, the Unsubordinated Notes will be redeemed at par.

This Condition 6(h) is not applicable to Subordinated Notes.

(i) **Early Redemption:**

(i) *Zero Coupon Notes:*

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon redemption of such Unsubordinated Note pursuant to Condition 6(j)(i) or Condition 6(q) or upon it becoming due and payable as provided in Condition 9 shall be the Amortised Nominal Amount (calculated as provided below) of such Unsubordinated Note.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Unsubordinated Note shall be the scheduled Final Redemption Amount of such Unsubordinated Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Unsubordinated Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Unsubordinated Note upon its redemption pursuant to Condition 6(j)(i) or Condition 6(q) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Unsubordinated Note shall be the Amortised Nominal Amount of such Unsubordinated Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Amortised Nominal Amount becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Unsubordinated Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(f).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.

This Condition 6(i)(i) is not applicable to Subordinated Notes.

(ii) *Inflation Linked Notes:*

- (A) If the relevant Final Terms provides that Condition 6(h) shall apply in respect of Inflation Linked Notes, the Early Redemption Amount upon redemption of such Unsubordinated Notes pursuant to Condition 6(j)(i), or Condition 6(q) or upon it becoming due and payable as provided in Condition 9, the Put Amount, the Optional Redemption Amount in respect of such Unsubordinated Notes will be determined by the Calculation Agent on the following basis:

Early Redemption Amount/Put Amount = IIR x nominal amount of the Unsubordinated Notes

“IIR” being for the purposes of this Condition the ratio determined on the fifth Business Day before the date set for redemption between either (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index on the date set for redemption and the Base Reference specified in the relevant Final Terms.

If the Early Redemption Amount calculated as set out above is below par, the Unsubordinated Notes will be redeemed at par.

- (B) If the Inflation Linked Notes (whether or not Condition 6(h) applies) fail to be redeemed for whatever reason before the Maturity Date, the Issuer will pay the Early Redemption Amount together with interest accrued to the date set for redemption. Such accrued interest will be calculated by the Calculation Agent in respect of the period from, and including the immediately preceding Interest Payment Date or, as the case may be, the Interest Commencement Date to, but excluding, the date set for redemption of such Unsubordinated Notes at a rate per annum on the basis of the provisions of Condition 5 (iv) above except that, for such purposes the relevant Interest Determination Date shall be the fifth Business Day prior to the relevant Early Redemption Date.

This Condition 6(i)(ii) is not applicable to Subordinated Notes.

- (iii) *Other Notes*: The Early Redemption Amount payable in respect of any Note (other than Unsubordinated Notes described paragraphs “*Zero Coupon Notes*” and “*Inflation Linked Notes*” above), upon redemption of such Note pursuant to Condition 6(j)(i), or Condition 6(q), or upon it becoming due and payable as provided in Condition 9 shall be the Final Redemption Amount.

(j) **Redemption for Taxation Reasons:**

(i) Unsubordinated Notes

- (A) If, by reason of any change in, or any change in the official application or interpretation of, French law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Unsubordinated Notes, or, if applicable, of the Coupons or Receipts, not be able to make such payment without having to pay additional amounts as specified under Condition 8 below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than 45 nor less than 30 calendar days’ notice to the holders of Unsubordinated Notes or, if applicable, to the holders of Coupons (the “**Couponholders**”) or to the holders of Receipts (the “**Receipholders**”) (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Unsubordinated Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for such additional amounts.
- (B) If the Issuer would, on the next payment of principal or interest in respect of the Unsubordinated Notes, Coupons, or Receipts, be prevented by French law from making payment to the holders of Unsubordinated Notes or, if applicable, Couponholders or Receipholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8 below, then the Issuer, shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven calendar days’ prior notice to the holders of Unsubordinated Notes or, if applicable, the Couponholders or the Receipholders in accordance with Condition 15, redeem all, but not some only, of the Unsubordinated Notes then outstanding at their Early Redemption Amount (as described in Condition 6(i) above) together with any interest accrued to the date set for redemption on the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the

Unsubordinated Notes or, if applicable, Receipts or Coupons, or, if that date is passed, as soon as practicable thereafter.

(ii) Subordinated Notes

- (A) If Gross-Up Event Call Option is specified in the relevant Final Terms and if by reason of a change in French law or regulation, or any change in the official application or interpretation of such law or regulation, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment due in respect of the Subordinated Notes, not be able to make such payment without having to pay additional amounts as specified in Condition 8 below (a “**Gross-Up Event**”), the Issuer may, at its option, at any time, subject to having given not more than 60 nor less than 30 calendar days’ prior notice to the holders of Subordinated Notes (which notice shall be irrevocable), in accordance with Condition 15, redeem all of the Subordinated Notes (but not some only) at their principal amount together with any accrued interest to, but excluding, the date set for redemption and any Arrears of Interest (including any Additional Interest Amounts thereon) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable Interest Payment Date on which the Issuer could make payment of principal and interest without withholding for French taxes.
- (B) If Withholding Tax Event Call Option is specified in the relevant Final Terms and if the Issuer would on the occasion of the next payment in respect of the Subordinated Notes be prevented by French law or regulation from making payment to the holders of Subordinated Notes of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8 below (a “**Withholding Tax Event**”), then the Issuer may, at its option, at any time, subject to having given not less than 7 calendar days’ prior notice to the holders of Subordinated Notes (which notice shall be irrevocable) in accordance with Condition 15, redeem all of the Subordinated Notes (but not some only) at their principal amount together with any accrued interest to, but excluding, the date set for redemption and any Arrears of Interest (including any Additional Interest Amounts thereon) on the latest practicable date on which the Issuer could make payment of the full amount payable in respect of the Subordinated Notes without withholding or deduction for French taxes, or, if such date is passed, as soon as practicable thereafter.
- (C) If Tax Deductibility Event Call Option is specified in the relevant Final Terms and if an opinion of a recognised law firm of international standing has been delivered to the Issuer and the Fiscal Agent, stating that by reason of a change in French law or regulation, or any change in the official application or interpretation of such law or regulation, becoming effective after the Issue Date, the tax regime of any payments under the Subordinated Notes is modified and such modification results in the part of the interest payable by the Issuer in respect of the Subordinated Notes that is tax-deductible being reduced (a “**Tax Deductibility Event**”), the Issuer may, at its option, at any time (subject to having given not more than 60 nor less than 30 calendar days’ notice to the holders of Subordinated Notes (which notice shall be irrevocable) in accordance with Condition 15), redeem all of the Subordinated Notes (but not some only) at (i) the Tax Deductibility Event Early Redemption Price specified in the relevant Final Terms where such redemption occurs prior to the Tax Deductibility Event Cut-Off Date, or (ii) their principal amount together with any accrued interest and any Arrears of Interest (including any Additional Interest Amounts thereon) where such redemption occurs on or after Tax Deductibility Event Cut-

Off Date, provided that the effective date of redemption of which notice hereunder may be given shall be no earlier than the latest practicable date preceding the effective date on which the tax regime of interest payments under the Subordinated Notes is modified.

Prior to the giving of any such notice of redemption in this Condition 6(j)(ii), the Issuer shall deliver or procure that there is delivered to the Fiscal Agent and, in accordance with Condition 15, to the holders of Subordinated Notes, a certificate signed by a duly authorised representative of the Issuer confirming that the Issuer is entitled to effect such redemption and setting out the facts showing that the conditions precedent to the right to effect such redemption have been met.

(k) **Early redemption of the Notes following a Change of Control:**

(i) **Unsubordinated Notes – Change of Control Put Option**

If Change of Control Put Option is specified in the relevant Final Terms and if, at any time while any Unsubordinated Note remains outstanding, there occurs a Change of Control and within the Change of Control Period, a Rating Downgrade occurs or has occurred as a result of such Change of Control (the “**Put Event**”), the holder of such Unsubordinated Note will have the option, (the “**Change of Control Put Option**”) (unless, prior to the giving of the Put Event Notice (as defined below), the Issuer gives notice of its intention to redeem the Unsubordinated Notes under Condition 6(j)(i)) to require the Issuer to redeem or, at the Issuer’s option, to procure the purchase of that Unsubordinated Note, on the Optional Redemption Date (as defined below) at its principal amount together with (or where purchased, together with an amount equal to) interest accrued to, but excluding, the Optional Redemption Date (as defined below).

Promptly upon the Issuer becoming aware that a Put Event has occurred, the Issuer shall give notice (a “**Put Event Notice**”) to the holders of Unsubordinated Notes in accordance with Condition 15 specifying the nature of the Put Event, the circumstances giving rise to it and the procedure for exercising the Change of Control Put Option contained in this Condition 6(k).

To exercise the Change of Control Put Option to require redemption or, as the case may be, purchase of the Unsubordinated Notes following a Put Event, a holder of one or more Unsubordinated Notes must transfer or cause to be transferred its Unsubordinated Notes to be so redeemed or purchased to the account of the Fiscal Agent specified in the Put Option Notice (as defined below) for the account of the Issuer within the period of 45 calendar days after the Put Event Notice is given (the “**Put Period**”) together with a duly signed and completed notice of exercise (a “**Put Option Notice**”) and in which the holder shall specify a bank account to which payment is to be made under this Condition 6(k).

A Put Option Notice once given shall be irrevocable. The Issuer shall redeem or, at the option of the Issuer, procure the purchase of the Unsubordinated Notes in respect of which the Change of Control Put Option has been validly exercised as provided above and subject to the transfer of such Unsubordinated Notes to the account of the Fiscal Agent for the account of the Issuer, on the date which is the fifth (5) business day in Paris following the end of the Put Period (the “**Optional Redemption Date**”). Payment in respect of such Unsubordinated Notes will be made on the Optional Redemption Date by transfer to the bank account specified in the Put Option Notice and otherwise subject to the provisions of Condition 7.

For the avoidance of doubt, the Issuer shall have no responsibility for any cost or loss of whatever kind (including breakage costs) which the holder of an Unsubordinated Note may incur as a result of or in connection with such holder of Unsubordinated Notes’ exercise or purported exercise of, or otherwise in connection with, any Change of Control Put Option (whether as a result of any purchase or redemption arising there from or otherwise).

(ii) Subordinated Notes – Change of Control Call Event

If a Change of Control occurs after the Issue Date and within the Change of Control Period, a Rating Downgrade occurs or has occurred as a result of such Change of Control (the “**Change of Control Call Event**”), the Issuer may, at its option (a “**Change of Control Call Option**”), at any time, redeem or procure the purchase of all the Subordinated Notes (but not some only) at their principal amount together with any accrued interest and any Arrears of Interest (including any Additional Interest Amounts thereon).

Promptly upon the Issuer becoming aware that a Change of Control Call Event has occurred, the Issuer shall give notice (a “**Call Event Notice**”) to the holders of the Subordinated Notes in accordance with Condition 15 specifying the nature of the Change of Control Call Event, the circumstances giving rise to it and either the date on which redemption of the Subordinated Notes will take place or the Issuer’s election not to redeem the Subordinated Notes.

If the Issuer elects to redeem the Subordinated Notes, such redemption or purchase will take place not less than 15, nor more than 60 calendar days after a Call Event Notice is given.

Further to the occurrence of a Change of Control Call Event described in this Condition 6(k)(ii), if the Change of Control Call Option has not been exercised by the Issuer, the interest payable on the Subordinated Notes will be increased by an additional margin specified in the relevant Final Terms (the “**Change of Control Step Up Margin**”) from and including the date of the Call Event Notice to, but excluding, the redemption of the Subordinated Notes.

(iii) Definitions

“**Change of Control**” shall be deemed to have occurred each time that any person or group of persons acting in concert or any person or persons acting on behalf of any such person(s) (a “**Relevant Persons**”) in each case come(s) to own or acquire(s) directly or indirectly such number of shares in the capital of the Issuer carrying (a) more than fifty per cent. (50%) of the voting rights exercisable at a general meeting of the Issuer or (b) otherwise the ability to determine in fact through voting rights held (directly or indirectly) by such Relevant Person(s) the decisions taken at ordinary or extraordinary shareholders’ general meetings of the Issuer.

“**Change of Control Period**” means the period commencing on the date that is the earlier of (a) the date of the first public announcement of the result (*avis de résultat*) by the AMF of the relevant Change of Control (the “**Relevant Announcement Date**”) and (b) the date of the earliest Potential Change of Control Announcement (as defined below) (if any) and ending on (i) the date which is 180 calendar days after, respectively, (a’) the Relevant Announcement Date or (b’) the date of the Potential Change of Control Announcement, or (ii) such longer period for which the Issuer, the Subordinated Notes or the senior unsecured long term debt of the Issuer are under consideration (such consideration having been announced publicly within the period ending 120 calendar days after the occurrence of the relevant Change of Control or, as the case may be, the Potential Change of Control Announcement) for rating review or, as the case may be, rating by, a Rating Agency, such period not to exceed 70 calendar days after the public announcement of such consideration.

“**Rating Downgrade**” shall be deemed to have occurred in respect of a Change of Control (a) if within the Change of Control Period the corporate credit rating previously assigned to the Issuer by any Rating Agency is (x) withdrawn or (y) changed from an investment grade rating (BBB-/Baa3, or their respective equivalents for the time being, or better) to a non-investment grade rating (BB+/Ba 1, or their respective equivalents for the time being, or worse) or (z) if the corporate rating previously assigned to the Issuer by any Rating Agency was below an investment grade rating (as described above), lowered by at least

one full rating notch (for example, from BB+ to BB or their respective equivalents) or (b) if, on the Relevant Announcement Date or, as the case may be, the Potential Change of Control Announcement, no corporate credit rating is assigned to the Issuer and, within the Change of Control Period, no Rating Agency assigns an investment grade rating to the Issuer (the “**Non Investment Grade Rating**”), provided that in both cases, a Rating Downgrade otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of a particular Change of Control if the Rating Agency withdrawing, making the change in rating or assigning the Non Investment Grade Rating does not publicly announce or confirm that the withdrawal, the reduction or the Non Investment Grade Rating was the result, in whole or part, of any event or circumstance comprised in or arising as a result of, or in respect of, the applicable Change of Control.

“**Rating Agency**” means S&P Global Ratings Europe Limited or Moody’s Deutschland GmbH or any other rating agency of equivalent international standing requested by the Issuer to grant a corporate credit rating to the Issuer and, in each case, their respective successors or affiliates.

“**Potential Change of Control Announcement**” means any public announcement or statement by the Issuer, any actual or potential bidder or any designated advisor thereto relating to any specific and near-term potential Change of Control (whereby “near-term” shall mean that such potential Change of Control is reasonably likely to occur, or is publicly stated by the Issuer, the actual or potential bidder or any such designated advisor to be intended to occur, within 12 months of the date of such announcement or statement).

(l) **Redemption on Acquisition Event**

If an Acquisition Event Call Option is specified in the relevant Final Terms and an Acquisition Event (as defined below) occurs, the Issuer may, on giving promptly and in any event not more than 60 days after the occurrence of such Acquisition Event and not more than 30 nor less than 15 calendar days before the date set for redemption, irrevocable notice to the holders of Notes in accordance with Condition 15, subject to having also given notice to the Fiscal Agent, redeem in whole or in part or, if so specified in the relevant Final Terms, in whole only, the Notes at the Optional Redemption Amount (specified in the relevant Final Terms) together with (x) in respect of Unsubordinated Notes, any interest accrued to the date set for redemption and (y) in respect of Subordinated Notes, any interest accrued to the date set for redemption and any Arrears of Interest (including any Additional Interest Amounts thereon). The Issuer may waive its right to call the Notes in accordance with this Condition 6(l) by giving notice (which shall be irrevocable) pursuant to Condition 15. The Subordinated Notes will only be redeemable in whole.

If an Acquisition Event Call Option is specified in the relevant Final Terms and solely in respect of Unsubordinated Notes, the Issuer shall not be entitled, during a period of twelve (12) months following the exercise by the Issuer of such Acquisition Call Event Option to exercise a Clean-up Call Option in accordance with Condition 6(e) with respect to such Unsubordinated Notes.

An “**Acquisition Event**” shall have occurred if:

- (i) on or prior to the Acquisition Event Limit Date specified in the relevant Final Terms, the Issuer has not completed and closed the acquisition of the Targeted Company (as defined in the relevant Final Terms); or
- (ii) the Issuer has publicly stated that it no longer intends to pursue the acquisition of the Targeted Company (as defined in the relevant Final Terms).

In the case of a partial redemption, the relevant provisions of Condition 6(f) shall apply *mutatis mutandis* to this Condition 6(l).

(m) **Redemption following an Accounting Event**

If Accounting Event Call Option is specified in the relevant Final Terms and an Accounting Event shall occur on or after the Issue Date, the Issuer may, at its option, redeem all, but not some only, of the Subordinated Notes on any day from the Accounting Event Adoption Date, subject to the Issuer having given to the holders of Subordinated Notes not less than 15, or more than 60, calendar days' prior notice (which notice shall be irrevocable) in accordance with Condition 15, at (i) the Accounting Event Early Redemption Price specified in the relevant Final Terms where such redemption occurs prior to the Accounting Event Cut-Off Date specified in the relevant Final Terms, or (ii) their principal amount together with any accrued interest and any Arrears of Interest (including any Additional Interest Amounts thereon) where such redemption occurs on or after the Accounting Event Cut-Off Date.

Prior to the giving of any such notice of redemption, the Issuer shall deliver or procure that there is delivered to the Fiscal Agent and, in accordance with Condition 15, to the holders of Subordinated Notes, (i) a certificate signed by a duly authorised representative of the Issuer confirming that the Issuer is entitled to effect such redemption and setting out the facts showing that the conditions precedent to the right to effect such redemption have been met and (ii) a copy of the letter or report referred to in the definition "Accounting Event".

"Accounting Event" means that a recognised accountancy firm, acting upon instructions of the Issuer, has delivered a letter or report to the Issuer, stating that as a result of a change in accounting principles (or the application thereof) which have been officially adopted after the Issue Date (such date, the **"Accounting Event Adoption Date"**), the Subordinated Notes may not or may no longer be recorded as "equity" in full in the audited annual or the semi-annual consolidated financial statements of the Issuer pursuant to the International Financial Reporting Standards ("**IFRS**") or any other accounting standards that may replace IFRS. The Accounting Event shall be deemed to have occurred on the Accounting Event Adoption Date notwithstanding any later effective date. The period during which the Issuer may notify the redemption of the Subordinated Notes as a result of the occurrence of an Accounting Event shall start on the Accounting Event Adoption Date. For the avoidance of doubt such period shall include any transitional period between the Accounting Event Adoption Date and the date on which it comes into effect.

(n) **Redemption following a Rating Event**

If Rating Event Call Option is specified in the relevant Final Terms and an a Rating Event shall occur on or after the Issue Date, then the Issuer may, at its option, subject to having given not less than 15 nor more than 60 calendar days' notice to the Fiscal Agent and, in accordance with Condition 15, to the holders of Subordinated Notes (which notice shall be irrevocable), redeem all, but not some only, of the Subordinated Notes at any time, at (i) the Rating Event Early Redemption Price specified in the relevant Final Terms where such redemption occurs prior to the Rating Event Cut-Off Date specified in the relevant Final Terms, or (ii) their principal amount together with any accrued interest and any Arrears of Interest (including any Additional Interest Amounts thereon) where such redemption occurs on or after the Rating Event Cut-Off Date, provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date before the date on which the Subordinated Notes will no longer be eligible for the same or higher category of equity credit.

Prior to the giving of any such notice of redemption, the Issuer shall deliver or procure that there is delivered to the Fiscal Agent and, in accordance with Condition 15, to the holders of Subordinated Notes, (i) a certificate signed by a duly authorised representative of the Issuer confirming that the Issuer is entitled to effect such redemption and setting out the facts showing that the conditions precedent to the

right to effect such redemption have been met and (ii) evidence of the written confirmation referred to in the definition of “Rating Event”.

“**Rating Event**” means that the Issuer has received written confirmation from any Rating Agency from whom the Issuer is assigned solicited ratings either directly or via a publication by such agency, that an amendment, clarification or change has occurred in the “equity credit” criteria (or such other nomenclature that the relevant Rating Agency may then use to describe the degree to which an investment exhibits the characteristics of an ordinary share) of such Rating Agency or the application thereof, effective after the Issue Date (or effective after the date when the equity credit is assigned for the first time, as applicable), which amendment, clarification or change or the application thereof results in (a) a lower equity credit for the Subordinated Notes than the then respective equity credit assigned on the Issue Date, or if equity credit is not assigned on the Issue Date, at the date when the equity credit is assigned for the first time or (b) the period of time during which the relevant Rating Agency has assigned to the Subordinated Notes a particular level of "equity credit" being shortened as compared to the period of time for which such Rating Agency did assign to the Subordinated Notes that level of “equity credit” on the Issue Date, or if such “equity credit” was not assigned on the Issue Date, at the date when the "equity credit" was assigned for the first time.

- (o) **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Unsubordinated Notes issued as Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price. Unless the possibility of holding and reselling is expressly excluded in the relevant Final Terms, all Notes so purchased by or on behalf of the Issuer may be cancelled or held and resold in accordance with applicable laws and regulations.
- (p) **Cancellation:** All Notes purchased for cancellation by or on behalf of the Issuer will forthwith be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Bearer Notes, by surrendering the Materialised Bearer Notes in question together with all unmatured Receipts and Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so transferred or surrendered, will, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Unsubordinated Notes issued as Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.
- (q) **Illegality:** If, by reason of any change in French law or any change in the official application of such law, becoming effective after the Issue Date, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Unsubordinated Notes, the Issuer will, subject to having given not more than 45 nor less than 30 calendar days’ notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Unsubordinated Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption.

7 Payments and Talons

- (a) **Dematerialised Notes:** Payments of principal and interest in respect of Dematerialised Notes shall be made (i) (in the case of Dematerialised Notes in bearer dematerialised form or administered registered dematerialised form) by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the relevant Noteholder and (ii), (in the case of Dematerialised Notes

in fully registered form, to an account denominated in the relevant currency with a Bank designated by the relevant Noteholder). All payments validly made to such Account Holders will constitute an effective discharge of the Issuer in respect of such payments.

- (b) **Materialised Bearer Notes:** Payments of principal and interest in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender during usual business hours of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(vi)), as the case may be, (i) in the case a currency other than Renminbi, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with, a Bank. “**Bank**” means a bank in the principal financial centre for such currency or (ii) in the case of Renminbi in Hong Kong, and (iii) in the case of euro, in a city in which banks have access to the T2. This Condition 7(b) is not applicable to Subordinated Notes.
- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. dollar, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Unsubordinated Notes issued as Materialised Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer. This Condition 7(c) is not applicable to Subordinated Notes.
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders, Couponholders or Receiptholders in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent, the Registration Agent and the Consolidation Agent initially appointed under the Agency Agreement and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Registration Agent, the Make-Whole Calculation Agent and the Consolidation Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Registration Agent, the Consolidation Agent, the Calculation Agent(s) or the Make-Whole Calculation Agent and to appoint additional or other Fiscal Agent(s), Paying Agents and/or Calculation Agent(s), provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Make-Whole Calculation Agent (which may be the Calculation Agent), (iv) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (v) Paying Agents having specified offices in at least two major European cities, (vi) in the case of Dematerialised Notes, in fully registered form, a Registration Agent, and (vii) such other agents as may be required by the rules of any other Regulated Market on which the Notes may be listed and admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. dollar in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 14, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

(f) Unmatured Coupons and Receipts and unexchanged Talons:

- (i) Upon the due date for redemption of Materialised Bearer Notes which comprise Fixed Rate Notes, those Unsubordinated Notes should be surrendered for payment together with all unmaturing Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmaturing Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Amortised Nominal Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10) provided that, if any Materialised Bearer Note should be issued with a maturity date and an Interest Rate or Rates such that, on the presentation for payment of any such Note without any unmaturing Coupons attached thereto or surrendered therewith, the amount required to be deducted in respect of such unmaturing Coupons would be greater than the relevant Redemption Amount otherwise due for payment, then, upon the due date for redemption of any such Note, such unmaturing Coupons (whether or not attached) shall become void (and no payment shall be made in respect thereof) as shall be required so that, upon application of the foregoing provisions in respect of such Coupons as have not so become void, the amount required by this paragraph to be deducted would not be greater than the relevant Redemption Amount otherwise due for payment. Where the application of the foregoing provisions requires some but not all of the unmaturing Coupons relating to a Materialised Bearer Note to become void and shall select for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.
- (ii) Upon the due date for redemption of any Materialised Bearer Note comprising a Floating Rate Note or an Inflation Linked Note, unmaturing Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Materialised Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Upon the due date for redemption of any Materialised Bearer Note that is redeemable in instalments, all Receipts relating to such Materialised Bearer Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.

- (v) Where any Materialised Bearer Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Unsubordinated Notes is presented for redemption without all unmatured Coupons, and where any such Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (vi) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.

This Condition 7(f) is not applicable to Subordinated Notes.

- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10). This Condition 7(g) is not applicable to Subordinated Notes.
- (h) **Non-Business Days:** If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Unsubordinated Notes issued as Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) on which banks and foreign exchange markets are open for business in such jurisdictions as shall be specified as “Financial Centres” in the relevant Final Terms and (C) (i) in the case of a payment in a currency other than euro and Renminbi, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in euro, which is a TARGET Business Day, or (iii) in the case of payment in Renminbi, on which banks and foreign exchange markets are open for business and settlement or Renminbi payment in Hong Kong.
- (i) **Payment of U.S. Dollar Equivalent:** Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs or if Renminbi is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by a Renminbi Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five nor more than 30 calendar day irrevocable notice to the holders of RMB Notes prior to the due date for payment, may settle any such payment (in whole or in part) in U.S. dollar on the due date at the U.S. Dollar Equivalent of any such Renminbi denominated amount.

In such event, payments of the U.S. Dollar Equivalent of the relevant principal or interest in respect of the RMB Notes shall be made by transfer to the U.S. dollar account of the relevant Account Holders for the benefit of the holders of RMB Notes. For the avoidance of doubt, no such payment of the U.S. Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 9.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7(i) by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all holders of RMB Notes.

For the purposes of this Condition 7(i):

“**Governmental Authority**” means any *de facto* or *de jure* government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong.

“**Illiquidity**” means that the general Renminbi exchange market in Hong Kong becomes illiquid, other than as a result of an event of Inconvertibility or Non-Transferability, as determined by the Issuer in good faith and in a commercially reasonable manner following consultation with two Renminbi Dealers.

“**Inconvertibility**” means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of RMB Notes in the general Renminbi exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

“**Non-Transferability**” means the occurrence of any event that makes it impossible for the Issuer to deliver Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong or from an account outside Hong Kong to an account inside Hong Kong (including where the Renminbi clearing and settlement system for participating banks in Hong Kong is disrupted or suspended), other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

“**Renminbi Dealer**” means an independent foreign exchange dealer of international repute active in the Renminbi exchange market in Hong Kong reasonably selected by the Issuer.

“**RMB Note**” means a Unsubordinated Note denominated in Renminbi.

“**RMB Rate Calculation Agent**” means the agent appointed from time to time by the Issuer for the determination of the RMB Spot Rate or identified as such in the relevant Final Terms.

“**RMB Rate Calculation Business Day**” means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong and in New York City.

“**RMB Rate Calculation Date**” means the day which is two RMB Rate Calculation Business Days before the due date for payment of the relevant Renminbi amount under the Conditions.

“**RMB Spot Rate**” for a RMB Rate Calculation Date means the spot RMB/U.S. dollar exchange rate for the purchase of U.S. dollar with RMB in the over-the-counter RMB exchange market in Hong Kong for settlement on the relevant due date for payment, as determined by the RMB Rate Calculation Agent at or around 11:00 a.m. (Hong Kong time) on such RMB Rate Calculation Date, on a deliverable basis by reference to Reuters Screen Page TRADCN3 or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither such rate is available, the RMB Rate Calculation Agent will determine the RMB Spot Rate at or around 11:00 a.m. (Hong Kong time) on the RMB Rate Calculation Date as the most recently available RMB/U.S. dollar official fixing rate for settlement on the relevant due date for payment reported by The State Administration of Foreign

Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

“**U.S. Dollar Equivalent**” means the relevant Renminbi amount converted into U.S. dollar using the RMB Spot Rate for the relevant RMB Rate Calculation Date, as calculated by the RMB Rate Calculation Agent.

This Condition 7(i) is not applicable to Subordinated Notes.

8 Taxation

- (a) **Withholding tax:** All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes, Receipts or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.
- (b) **Additional amounts:** If French law should require that payments of principal, interest or other revenues in respect of any Note, Receipt or Coupon be subject to deduction or withholding in respect of any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Receiptholders and the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon, as the case may be:
- (i) **Other connection:** to, or to a third party on behalf of, a Noteholder or, if applicable, a Receiptholder or Couponholder, as the case may be, who is liable to such taxes, duties, assessments, governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with the Republic of France other than the mere holding of the Note, Receipt or Coupon; or
- (ii) **Presentation more than 30 calendar days after the Relevant Date:** in the case of Materialised Notes, more than 30 calendar days after the Relevant Date except to the extent that the Noteholder or, if applicable, the Receiptholder or Couponholder, as the case may be, would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day; or
- (iii) **Non-cooperative State or territory:** if the Notes do not benefit from any exception provided in *Bulletins officiels des Finances Publiques Impôts*, BOI-RPPM-RCM-30-10-20-40 dated 20 December 2019, BOI-IR-DOMIC-10-20-20-60 dated 20 December 2019, BOI-INT-DG-20-50-20 dated 6 June 2023 and BOI-INT-DG-20-50-30 dated 14 June 2022 of the French tax authorities, and when such withholding or deduction is required to be made by reason of that interest, Receipt or Coupon being (x) paid to a bank account opened in a financial institution established in, or (y) paid or accrued to a person established or domiciled in, a non-cooperative State or territory (*Etat ou territoire non-coopératif*) as defined in Article 238-0 A of the French *Code général des impôts* pursuant to Articles 125 A III, 119 *bis* and 238 A of the same code.

Notwithstanding any other provision of the Conditions, all payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes, Receipts, Coupons or Talons shall be paid

net of any deduction or withholding imposed or required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the “*U.S. Internal Revenue Code*”), or otherwise imposed pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code (or any regulations thereunder or official interpretations thereof) or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof (or any fiscal or regulatory legislation, rules or practices implementing such an intergovernmental agreement) (any such withholding or deduction, a “*FATCA Withholding*”). Neither the Issuer nor any other person will be required to pay any additional amounts in respect of FATCA Withholding.

As used in these Conditions, “**Relevant Date**” in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of Materialised Notes (if earlier) the date seven calendar days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “**principal**” shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) “**interest**” shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it and (iii) “**principal**” and/or “**interest**” shall be deemed to include any additional amounts that may be payable under this Condition.

- (c) **Supply of information:** Each Noteholder shall be responsible for supplying to the relevant Paying Agent, in a timely manner, any information as may be required in order to comply with the identification and reporting obligations imposed on it by Article 242 *ter* of the French *Code general des impôts*.

9 Events of Default

(a) Unsubordinated Notes

The Representative (as defined under Condition 11(a)), upon request of any holder of Unsubordinated Notes, may, upon written notice to the Issuer and the Fiscal Agent given before all defaults shall have been cured, cause the principal amount of all the Unsubordinated Notes (but not some only) held by such Noteholder to become immediately due and payable at their Early Redemption Amount, together with accrued interest thereon, as of the date on which such notice for payment is received by the Fiscal Agent without further formality, if any of the following events (each an “**Event of Default**”) shall occur:

- (i) the Issuer defaults in any payment when due of principal or interest on any Unsubordinated Note (including the payment of any additional amounts pursuant to the provisions set forth under “*Taxation*” above) if such default shall not have been cured within 14 business days in Paris; or
- (ii) there is a default by the Issuer in the due performance of any other material provision of the Unsubordinated Notes and such default shall not have been cured within 30 business days in Paris after receipt by the Fiscal Agent of written notice of default given by the Representative upon request of the holder of an Unsubordinated Note; or
- (iii) the Issuer or any of its Principal Subsidiaries being in default in the due and punctual payment of the principal of, or premium or interest on, any present or future indebtedness for borrowed monies when and as the same becomes due and payable and giving effect to any applicable grace periods, there is an acceleration of any such indebtedness or steps are taken to enforce any security in respect of any such indebtedness, provided that the aggregate amount of the relevant

indebtedness for borrowed money in respect of which any one or more of the events of default thereunder has or have occurred equals or exceeds Euro 80,000,000 (or its equivalent in any other currency); or

- (iv) a judgment is issued for the judicial liquidation (*liquidation judiciaire*) or for a judicial transfer of the whole of the business (*cession totale de l'entreprise*) of the Issuer or any of its Principal Subsidiaries; or, to the extent permitted by law, the Issuer or any of its Principal Subsidiaries is subject to any other insolvency or bankruptcy proceedings under any applicable laws or the Issuer or any of its Principal Subsidiaries makes any conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors; or
- (v) the Issuer and its Principal Subsidiaries taken as a whole cease to carry on all or a material part of their business or other operations, except for the purposes of, and following a merger or a reorganisation (*fusion, scission or apport partiel d'actifs*) (i) on terms approved by the General Meeting or by way of a Written Resolution to the extent that French law requires such merger or reorganisation to be submitted for the approval to the General Meeting or through a Written Resolution or (ii) in the case of a Principal Subsidiary, whereby the undertaking and assets of the Principal Subsidiary are vested in the Issuer, another Principal Subsidiary or any other company which as a result of such merger or reorganisation becomes a Principal Subsidiary.

“**General Meeting**” shall have the meaning given to it in Condition 11.

“**Principal Subsidiary**” shall have the meaning given to it in Condition 4(a).

“**Written Resolution**” shall have the meaning given to it in Condition 11.

(b) **Subordinated Notes**

There are no events of default in respect of the Subordinated Notes. There is no cross default under the Subordinated Notes.

However, each Subordinated Note shall become immediately due and payable at its principal amount, together with accrued interest thereon, if any, to the date of payment and any Arrears of Interest (including any Additional Interest Amounts thereon), in the event that a judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer, or in the event of a transfer of the whole of the business of the Issuer (*cession totale de l'entreprise*) subsequent to the opening of a judicial recovery procedure (*redressement judiciaire*), or in the event of the voluntary dissolution of the Issuer, or if the Issuer is liquidated for any other reason (other than pursuant to a consolidation, amalgamation or merger or other reorganisation outside the context of an insolvency whereby the surviving entity assumes all obligations of the Issuer under the Subordinated Notes). No payments will be made to holders of any class of the share capital of the Issuer before all amounts due, but unpaid, to all holders of Subordinated Notes have been paid by the Issuer.

10 **Prescription**

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within five years (in the case of principal and interest) from the appropriate Relevant Date in respect of them.

11 Representation of Noteholders

(a) *Masse*:

The Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (in each case, the “*Masse*”) which will be subject to the below provisions of this Condition.

All notices, publications or inclusions specified in the French *Code de commerce* and relating to the *Masse* shall be done in accordance with Condition 15.

The *Masse* will be governed by the provisions of the French *Code de commerce* with the exception of Articles L.228-48, L.228-59, L.228-71, Article L.228-65 I, 1° and 6° and Articles R.228-61, R.228-63 and R.228-69 subject to the following provisions:

(i) Legal Personality:

The *Masse* will be a separate legal entity and will act in part through a representative (the “**Representative**”) and in part through a general meeting of Noteholders (the “**General Meeting**”).

The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(ii) Representative of the *Masse*:

The office of Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representatives:

- the Issuer and the members of its board of directors (*conseil d'administration*), its general managers (*directeurs généraux*), its statutory auditors and its employees as well as their ascendants, descendants and spouses;
- companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their board of directors (*conseil d'administration*), of their management board (*directoire*) and of their supervisory board (*conseil de surveillance*), their statutory auditors and their employees as well as their ascendants, descendants and spouses;
- companies holding 10 per cent. or more of the share capital of the Issuer and companies having 10 per cent. or more of their share capital held by the Issuer; or
- persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing a business in whatever capacity.

The names and addresses of the Representative of the *Masse* will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement, dissolution or revocation of appointment of the Representative, an alternate will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the names and addresses of the Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

(iii) Powers of the Representative:

The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not interfere in the management of the affairs of the Issuer.

(iv) General Meeting:

A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting. If such General Meeting has not been convened within two months after such demand, the Noteholders may commission one of themselves to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 15 not less than 15 calendar days prior to the date of such General Meeting on first convocation and not less than 10 calendar days prior to the date of the General Meeting on second convocation.

Each Noteholder has the right to participate in a General Meeting in person, by proxy, correspondence, videoconference or any other means of telecommunications allowing the identification of the participating Noteholders as provided *mutatis mutandis* by Article R.225-97 of the French *Code de commerce*. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

(v) Powers of the General Meetings:

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) of the Noteholders, nor establish any unequal treatment between the Noteholders, nor to decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least one-fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-

third majority of votes cast by Noteholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of 00:00, Paris time on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting.

Decisions of General Meetings and Written Resolutions once approved must be published in accordance with the provisions set forth in Condition 15.

(vi) Written Resolutions:

Pursuant to Article L.228-46-1 of the French *Code de commerce*, but in respect of any Series of Dematerialised Notes only, the Issuer shall be entitled in lieu of the holding of a General Meeting to seek approval of a resolution from the Noteholders by way of a resolution in writing (a “**Written Resolution**”). Subject to the following sentence a Written Resolution may be contained in one document or in several documents in like form, each signed by or on behalf of one or more of the Noteholders. Pursuant to Articles L.228-46-1 and R.225-97 of the French *Code de commerce* approval of a Written Resolution may also be given by way of electronic communication allowing the identification of Noteholders (“**Electronic Consent**”).

Notice seeking the approval of a Written Resolution (including by way of Electronic Consent) will be published as provided under Condition 15(e) not less than 15 calendar days prior to the date fixed for the passing of such Written Resolution (the “**Written Resolution Date**”). Notices seeking the approval of a Written Resolution will contain the conditions of form and time-limits to be complied with by the Noteholders who wish to express their approval or rejection of such proposed Written Resolution. Noteholders expressing their approval or rejection before the Written Resolution Date will undertake not to dispose of their Notes until after the Written Resolution Date.

A Written Resolution will be approved if, on first notice (i) Noteholders expressing their approval or rejection of such proposed Written Resolution hold at least one fifth of the principal amount of the Notes then outstanding and (ii) Noteholders expressing their approval hold at least 66.6 per cent. of such quorum.

If such quorum is not met, a Written Resolution will be approved if, on second notice, Noteholders expressing their approval represent at least 66.6 per cent. of all voting Noteholders.

(vii) Exclusion of certain provisions of the French *Code de commerce*:

The provisions of Articles L.228-48, L.228-59, L.228-71, Article L.228-65 I. 1° and 6° of the French *Code de commerce* (respectively providing for a prior approval by the General Meeting of the Noteholders of (i) any change in corporate purpose or form of the Issuer and (ii) any proposal to transfer the registered office of a *societas europaea* to another Member State of the European Union), Article L.229-2 of the French *Code de commerce* (providing that such transfer requires the prior approval by the General Meeting of the Noteholders unless the redemption is offered upon simple request) and Articles R.228-61, R.228-63 and R.228-69 and the related provisions of the French *Code de commerce* shall not apply to the Notes. As a result of these exclusions, no General Meeting shall be held nor a Written Resolution shall be submitted and no

early redemption of any Note by the Issuer shall be requested by the Noteholders in respect of such modification.

(b) **Information to Noteholders:**

Each Noteholder or Representative thereof will have the right, during the 15-calendar day period preceding the holding of each General Meeting on first convocation and Written Resolution Date and during the 10-calendar day period preceding the holding of each General Meeting on second convocation, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be prepared in connection with such resolutions, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents during usual business hours and at any other place specified in the notice of the General Meeting or Written Resolution.

(c) **Expenses:**

The Issuer will pay all expenses relating to the operation of the *Masse*, including expenses relating to the calling and holding of General Meetings and seeking of a Written Resolution and, more generally, all administrative expenses resolved upon by the General Meeting or in writing by the Noteholders, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(d) **Single Masse:**

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 14, shall, for the defence of their respective common interests, be grouped in a single *Masse*. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all such Series.

(e) **One Noteholder:**

If and for so long as the Notes of any Series are held by a single Noteholder and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all powers, rights and obligations entrusted to the *Masse* by the provisions of Condition 11. The Issuer shall hold a register of the decisions taken by the sole Noteholder and shall make them available, upon request, to any subsequent holder of any of the Notes of such Series.

(f) **Benchmark Discontinuation:**

By subscribing the Notes and solely in the context of a Mid-Swap Benchmark Event or a Benchmark Event which leads to the application of a Mid-Swap Benchmark Amendment or a Benchmark Amendment, each Noteholder shall be deemed to have agreed and approved any Mid-Swap Benchmark Amendment or any Benchmark Amendment or such other necessary changes pursuant to Condition 5(b)(ii)(C) and Condition 5(c)(iii)(D), respectively.

For the avoidance of doubt, in this Condition 11, the term “**outstanding**” shall not include those Notes subscribed or purchased by the Issuer in accordance with applicable laws and regulations that are held by it and not cancelled.

12 Final Terms

These Conditions may be completed in relation to any Series of Notes by the terms of the relevant Final Terms in relation to such Series.

13 Replacement of definitive Notes, Receipts, Coupons and Talons

ARKEMA UNVEILS ITS 2028 AMBITION AND ACCELERATES ITS ORGANIC GROWTH IN HIGH PERFORMANCE MATERIALS AND SUSTAINABLE SOLUTIONS

Arkema presents the new stage of its development at the Capital Markets Day of 27 September 2023. Building on the achievements since the April 2020 strategy update, the Group now aims to accelerate its organic sales growth in the medium term, by capitalizing on its recent or future industrial investments in high value-added technological solutions serving fast-growing market segments supported by sustainable megatrends.

- By 2028, Arkema aims to achieve sales of around €12bn with an elevated EBITDA margin of around 18%
- Average organic sales growth is expected at around 4% per year and average organic EBITDA growth at 7 to 8% per year over the 2024-28 period
- Cash generation should remain strong and shareholder returns increase by 30% over the 2024-28 period *versus* the prior 5 year period
- The Group will also capitalize on the recent validation of its 1.5°C trajectory by SBTi to further strengthen its decarbonization initiatives, paving the way for Net-Zero by 2050

Since the April 2020 Strategy Update, the Group has steadfastly continued its value-creative transformation, nearly completing its shift into a pure Specialty Materials player thanks to targeted investments, cutting-edge sustainable innovation and a high value-added portfolio management strategy. Arkema's materials science expertise is now built around the three coherent and complementary segments of Adhesive Solutions, Advanced Materials, and Coating Solutions, with an unmatched portfolio of cutting-edge technologies.

This transformation has generated strong financial returns for Arkema and enabled the Group to increase structural profitability. Arkema is thus on track to achieve the ambitious financial targets it set for 2024, while

delivering €1.3bn of shareholder returns since 2020 *via* dividends and share buybacks and maintaining strict financial discipline. Importantly, Arkema has also markedly improved its corporate social responsibility profile, notably with an ambitious climate plan aligned with the 1.5°C trajectory validated by SBTi, as well as improvements in workplace safety and in promoting diversity within the organization.

Since Covid, disruptive megatrends have accelerated the world's transformation, and Arkema is at the forefront of enabling change toward a more sustainable economy thanks to its high performance, innovative materials. Building on its successful evolution since 2020, having acquired or built an unparalleled portfolio of technologies, the Group is now ready to progress to the next level of its growth trajectory by leveraging its unique position.

Thus, by 2028, Arkema aims to achieve sales of around €12bn with an elevated EBITDA margin of around 18%, translating into average organic sales growth of around 4% per year and average organic EBITDA growth at 7% to 8% per year in the 2024-28 period. The Group will also maintain its strict financial discipline with a net debt to EBITDA ratio not greater than 2x.

In order to achieve this ambition, Arkema will place sustainability at the heart of its strategy through 5 main drivers:

- (i) Leveraging the strength of One Arkema to enhance employee empowerment and customer intimacy
- (ii) Achieving superior growth from sustainable innovation in 5 key submarkets driven by megatrends where Arkema has built leading positions with cutting-edge technologies
- (iii) Ramping up recent capex, notably the bio-based PA11 plant in Singapore and PVDF expansions, and carrying out new high return projects in batteries, renewable energy, decarbonization and bio-based products
- (iv) Further strengthening the portfolio with bolt-on acquisitions and the finalization of the divestment of Intermediates
- (v) Driving manufacturing excellence including a strong focus on decarbonization and digitalization

Cash generation over the 2024-28 period should remain strong and the total amount of operating cash flow³ to allocate is expected to reach around €7bn, equating to an operating cash conversion rate⁴ at around 70%. The amount returned to shareholders should increase by around 30% *versus* the 2019-23 period, including steady dividend growth leading to a payout ratio of close to 40% over the 2024-28 period, and some opportunistic share buybacks. Net M&A should represent half of the amount spent during the 2019-23 period while capex should increase by around 15%, reflecting inflation, decarbonization efforts and projects to support the Group's growth notably in batteries.

The Group will also capitalize on the recent validation of its 1.5°C trajectory by SBTi to further strengthen its decarbonization initiatives, paving the way for Net-Zero by 2050.

All these elements are detailed in the "Strategy Update - Lead for sustainable growth" presentation which will be available on the Company's website: www.finance.arkema.com.

On 29 February 2024, the Issuer published the following press release:

ARKEMA: FULL-YEAR 2023 RESULTS

The Group delivered a solid financial performance in 2023 in a demanding macroeconomic environment, with €1.5 billion in EBITDA, in line with its full-year guidance, and excellent cash generation. Arkema expects EBITDA to grow in 2024, mainly weighted to the second half of the year with the ramp-up of its major projects and a gradual improvement in market conditions.

- **Group sales of €9.5 billion**, down 16.1% on 2022 at constant scope and currency:
 - Volumes down by 10.0%, reflecting the overall slowdown in demand and destocking, although volumes were slightly higher in the fourth quarter relative to last year
 - Positive dynamic in innovation-driven high performance solutions addressing sustainable megatrends
 - Negative price effect of 6.1% reflecting lower prices for certain raw materials and the progressive price normalization of PVDF and upstream acrylics, which had benefited from particularly favorable conditions in 2022
- **EBITDA at €1,501 million**, down compared with last year's very high comparison base (€2,110 million), and solid **EBITDA margin** in this context of low demand at **15.8%** (18.3% in 2022).

Q4'23 EBITDA up by 14% year-on-year to **€331 million** (€291 million in Q4'22), driven by the good performance of Adhesive Solutions and the resilience of the other segments
- **Adjusted net income of €653 million**, representing €8.75 per share (€15.75 in 2022)
- Excellent **recurring cash flow of €761 million**, reflecting the strict management of working capital and tight control of capital expenditure, and **net debt of €2,930 million** at end-December, representing 1.95x full-year EBITDA
- Proposed **dividend of €3.50 per share** (€3.40 in 2022), in line with the policy of a gradual increase, and corresponding to a payout ratio of 40%
- **Finalization** on 1 December 2023 of the acquisition of 54% of **PI Advanced Materials**, marking a key step in the strengthening of Arkema's very high performance polymers portfolio
- **Continued progress in CSR performance** with, in particular, reductions in greenhouse gas emissions of 7% for Scopes 1 and 2 and 9% for Scope 3 compared with 2022. Moreover, the share of women in senior management positions rose to 29% (26% in 2022)
- **Outlook for 2024:** the Group aims for EBITDA to grow in 2024 and reach between €1.5 billion and €1.7 billion. The start of the year should be in the continuity of the low demand of fourth-quarter 2023. EBITDA growth should be weighted mainly to the second half of the year with the ramp-up of the main growth projects from the second quarter onwards and the progressive improvement of market conditions.

Following Arkema's Board of Directors' meeting held on 28 February 2024 to approve the Group's consolidated financial statements for 2023, Chairman and CEO Thierry Le Hénaff said:

“Arkema recorded a solid financial performance in 2023 in a particularly demanding macroeconomic context. I would like to thank our teams, who once again demonstrated their agility and unwavering commitment, enabling Arkema to deliver some important achievements in 2023, notably in terms of cash generation, CSR performance and the strengthening of the Group's profile in Specialty Materials.”

As 2024 has started in the continuity of the previous quarter, in a context of ongoing weak demand, we will continue to manage our operations tightly. We will benefit from the growing contribution, from spring onwards, of several major industrial projects in Asia and the United States, as well as from the integration of PI Advanced Materials' activities.

In addition to managing the short-term, our teams are fully mobilized on our 2028 objectives which we unveiled at the Capital Markets Day last September.”

2023 BUSINESS PERFORMANCE

Group sales came in at **€9,514 million** in 2023, down 17.6% on the previous year in a more challenging macroeconomic context, marked by lower underlying demand and destocking, first in Europe and then spreading to other regions of the world. The decline in volumes came in at 10% overall, affecting most of the Group's important end markets like construction, industry and consumer goods. Some markets such as automotive and energy resisted much better, and the dynamic remained positive in high performance solutions addressing sustainable megatrends, particularly in new energies, bio-based and recycled products, as well as in the areas of energy efficiency and lightweighting. The negative 6.1% price effect reflects the decline of certain raw materials and the normalization of PVDF and upstream acrylics relative to the particularly favorable conditions of 2022. Moreover, Arkema benefited from the repositioning of its portfolio towards higher value-added solutions. The scope effect was small, standing at a positive 0.7%, and included mainly two months' additional contribution from Ashland's adhesives business and three small acquisitions, partially offset by the divestment of Febex at the beginning of the year. The currency effect was a negative 2.2%, mainly as a result of the depreciation of the US dollar and Chinese yuan against the euro.

The share of Specialty Materials within total sales grew slightly and represented 92% of the Group's sales in 2023. Moreover, the geographic sales split saw the share of North America increase (37% of the Group's sales in 2023 *versus* 35% in 2022), Asia and the rest of the world decline to 29% *versus* 32% in 2022, and Europe remain steady (34% of sales in 2023 *versus* 33% in 2022).

At **€1,501 million** (€2,110 million in 2022), **EBITDA** held up well in view of the economic context, while reflecting the absence of the exceptional contribution in the prior year of around €400 million from PVDF and upstream acrylics. The dynamics were mixed between the various product lines, with Adhesive Solutions and Performance Additives reporting good growth in the second half of the year, driven by the product mix, dynamic management of sales prices and continued operational excellence actions.

In this less buoyant context than in the prior year, Arkema's **EBITDA margin** came in at a good level at **15.8%** (18.3% in 2022), reflecting notably the quality of the product mix in higher value-added solutions and appropriate management of pricing in a more normalized raw materials context.

At €562 million, recurring depreciation and amortization rose marginally year-on-year (€550 million in 2022). **Recurring operating income** (REBIT) therefore amounted to **€939 million** (€1,560 million in 2022) and **REBIT margin** came in at **9.9%** (13.5% in 2022).

The **financial result** represented a net expense of **€70 million** (€61 million in 2022), up by €9 million relative to 2022, reflecting mainly the impact of the bond issues carried out in 2023.

Excluding exceptional items, the tax rate amounted to 21% of recurring operating income in 2023.

Adjusted net income thus amounted to **€653 million**, representing **€8.75 per share** (€15.75 per share in 2022).

The Board of Directors decided that it would recommend, at the annual general meeting of 15 May 2024, a 3% increase in the dividend at **€3.50 per share** for 2023, in line with the policy of a gradual increase and representing a payout ratio of 40%. The dividend will be paid entirely in cash as from 21 May 2024, with an ex-dividend date on 17 May 2024.

CASH FLOW AND NET DEBT AT 31 DECEMBER 2023

Recurring cash flow reached the high level of **€761 million** (€933 million in 2022). It includes a €170 million cash inflow linked to working capital, which reflects the price effect and strict management of inventories. Excluding PI Advanced Materials, working capital thus represented 13.1% of the Group's annual sales at 31 December 2023 (12.6% at 31 December 2022). Recurring capital expenditure amounted to €608 million (€584 million in 2022) and represented 6.4% of Group sales in 2023. Calculated based on recurring cash flow, the EBITDA to cash conversion rate was 50.7%, exceeding the target of 40%.

Free cash flow totaled **€625 million** in the year (€784 million in 2022) and included residual exceptional capital expenditure of €26 million (€123 million in 2022) related to the bio-based polyamides project in Singapore and the hydrofluoric acid supply project with Nutrien in the United States. Thus, for full-year 2023, recurring and exceptional capital expenditure reached €634 million.

Free cash flow also included a non-recurring outflow of €110 million in 2023, mainly corresponding to start-up costs for the Singapore platform and restructuring costs in order to adapt the cost structure to the economic context.

Net cash flow from portfolio management operations primarily reflected the acquisition of a 54% majority stake in PI Advanced Materials and amounted to a **net outflow of €708 million** in 2023.

Net debt including hybrid bonds stood at **€2,930 million** at end-2023, including the payment of a €3.40 dividend per share for 2022 for a total payout of €253 million, the €32 million cost of share buybacks carried

out by the Group, and €16 million in interest paid on hybrid bonds. This net debt figure represents 1.95x last-twelve-months EBITDA.

CONTINUOUS PROGRESS IN CSR PERFORMANCE

The Group continued to implement its CSR actions in 2023 to support the sustainable and responsible growth of its activities and by offering its customers solutions that contribute to their sustainable performance.

Arkema thus reduced its Scope 1 and 2 greenhouse gas emissions by 7% in 2023 compared with 2022 (-39% vs 2019) and by 9% for Scope 3 (-53% vs 2019). These results reflect the ongoing proactive initiatives taken by Arkema as part of the roll-out of its climate plan, accentuated by the temporary decrease in production volumes, in line with its 1.5°C trajectory by 2030 validated by the SBTi. In addition, on 26 February 2024, Arkema announced that it had signed long-term renewable energy supply contracts in the United States for the Calvert City, Beaumont, Chatham and West Chester sites, as well as for all Bostik sites, allowing it, with existing contracts for the Clear Lake and Bayport sites, to cover 40% of the electricity needs for the Group's operations in the United States by the end of 2024.

Moreover, in order to encourage eco-design and develop the circular economy, the Group increased the proportion of its sales covered by a life-cycle assessment to 56% of Group sales in 2023 (41% in 2022), in line with its long-term target of 90%.

The Group also maintained its high safety standards, with an accident rate per million hours worked stable at 0.9, among the leaders of the industry, and the process safety event rate per million hours worked also stable at 2.8.

Lastly, as a certified Top Employer 2024 in ten countries and a holder of the Top Employer Europe certification, Arkema continued to promote inclusion and diversity, as illustrated notably by the percentage of women in senior management and executive positions reaching 29% at end-2023.

On the strength of the Group's results and long-term commitments, its CDP climate change score was raised to A-. Its Sustainalytics score was also increased and the Group now ranks among the best in its sector. In addition, Arkema was once again included in S&P's Global Sustainability Yearbook.

2023 PERFORMANCE BY SEGMENT

ADHESIVE SOLUTIONS (29% OF TOTAL GROUP SALES)

<i>In millions of euros</i>	2023	2022	Change
Sales	2,714	2,898	-6.3%
EBITDA	380	366	+3.8%
EBITDA margin	14.0%	12.6%	
Recurring operating income (REBIT)	293	288	+1.7%
REBIT margin	10.8%	9.9%	

Sales in the Adhesive Solutions segment fell by 6.3% compared with 2022 to **€2,714 million**. This figure reflects mainly a 7.5% reduction in volumes linked to weak demand, as well as to destocking in the construction sector and certain industrial markets, which nevertheless subsided in the second half of the year. Sales also included a negative 2.8% currency effect. The price effect was slightly positive over the year, amounting to 0.9% and reflected on the one hand, during the first part of the year, the increased sales prices implemented in 2022 in response to cost inflation, and on the other hand, a negative price effect in the second half linked to the

normalization of certain raw materials. The 3.1% positive scope effect corresponds to the integration of Polytec PT and Permoseal, as well as to the additional contribution from Ashland's adhesives business in the first two months of the year.

Recording robust growth of 16% in the second half of the year, **EBITDA** grew 3.8% in 2023 compared with 2022 and reached **€380 million**. This higher year-on-year performance despite lower volumes reflects the dynamic management of sales prices in an evolving environment of raw materials, as well as operational excellence and cost control actions. It also incorporates the contribution of acquisitions. **EBITDA margin** improved significantly by 140 bps to **14.0%**, also benefiting from the evolution in the product mix towards higher value-added applications.

ADVANCED MATERIALS (38% OF TOTAL GROUP SALES)

<i>In millions of euros</i>	2023	2022	Change
Sales	3,562	4,341	-17.9%
EBITDA	666	941	-29.2%
EBITDA margin	18.7%	21.7%	
Recurring operating income (REBIT)	366	663	-44.8%
REBIT margin	10.3%	15.3%	

At **€3,562 million**, sales of the Advanced Materials segment were down 17.9% year-on-year. Reflecting lower demand, volumes declined by 8.0%, also impacted by destocking, mostly in the first half for High Performance Polymers, and throughout the whole year for Performance Additives, mainly in Europe. The business areas linked to sustainable megatrends grew, notably new energies and bio-based and recycled products, and the automotive and energy markets remained well oriented. In the second half of the year, High Performance Polymers volumes were up relative to the prior year, supported in particular by higher demand in batteries in China. The price effect was a negative 7.2%, essentially reflecting the normalization of PVDF in batteries following the significant tightness observed in the prior year. For the segment's other activities, the price effect was broadly positive, demonstrating the strength of their positioning and an improved product mix towards higher value-added solutions. The scope effect was a negative 0.6%, corresponding to the divestment of Febex, and the currency effect was a negative 2.1%.

In this context, **EBITDA** of **€666 million** was down 29.2% relative to the prior year's particularly high comparison base. Driven by significant growth in the second half, EBITDA for Performance Additives was up year-on-year despite lower volumes, supported by growth in high value-added applications in areas linked to sustainable megatrends, in particular new energies. The segment's **EBITDA margin** thus came to **18.7% versus 21.7%** in 2022.

COATING SOLUTIONS (25% OF TOTAL GROUP SALES)

<i>In millions of euros</i>	2023	2022	Change
Sales	2,402	3,250	-26.1%
EBITDA	327	593	-44.9%
EBITDA margin	13.6%	18.2%	
Recurring operating income (REBIT)	201	466	-56.9%
REBIT margin	8.4%	14.3%	

Sales of the Coating Solutions segment fell sharply by 26.1% year-on-year and amounted to **€2,402 million**, around 30% of which were in acrylic monomers. Volumes in this segment were down 12.4% overall, reflecting subdued demand and destocking in Europe and the United States in the decorative paints and industrial markets. The price effect of negative 13.1% reflects mainly the progressive normalization of market conditions in upstream acrylics after an exceptional 2022, as well as the pass-through of certain lower raw materials prices in downstream product lines. The scope effect of positive 0.7% is linked to the integration of Polimeros Especiales, and the currency effect was limited at a negative 1.3%.

In this context, **EBITDA** declined 44.9% on 2022 to **€327 million**. Downstream activities nevertheless held up better than upstream acrylics, driven by the benefits of an improved product mix towards higher value-added solutions and by dynamic price management. In this context of low volumes, **EBITDA margin** held up relatively well at **13.6%** (18.2% in 2022).

INTERMEDIATES (8% OF TOTAL GROUP SALES)

<i>In millions of euros</i>	2023	2022	Change
Sales	797	1,020	-21.9%
EBITDA	213	306	-30.4%
EBITDA margin	26.7%	30.0%	
Recurring operating income (REBIT)	170	245	-30.6%
REBIT margin	21.3%	24.0%	

At **€797 million**, sales in the Intermediates segment fell by 21.9% year-on-year, impacted by an 18.7% drop in volumes linked notably to low demand for acrylics in Asia. The price effect was a positive 0.1%, reflecting good momentum for refrigerant gases in Europe and the United States, which offset less favorable market conditions for acrylics in Asia. The currency effect was a negative 3.3%.

In this context, **EBITDA** declined by 30.4% to **€213 million** and **EBITDA margin** remained at a high level of **26.7%** (30.0% in 2022).

Group sales declined 11.4% year-on-year to **€2,222 million**, impacted by a negative 10.5% price effect which reflected mainly a raw materials environment that was less tight. Volumes were up 2.0%, driven mainly by an improvement in Coating Solutions relative to the low comparison base of fourth-quarter 2022, and by the good performance of High Performance Polymers in Asia. The scope effect of positive 0.3% reflects the integration of Polytec PT in Adhesive Solutions and PI Advanced Materials in Advanced Materials in December, partially offset by the divestment of Febex. The currency effect of negative 3.2% was linked mainly to the appreciation of the euro against the US dollar.

At **€331 million**, **EBITDA** was 13.7% higher relative to fourth-quarter 2022, driven by the growth of Adhesive Solutions, the resilience of the other Specialty Materials segments and the good performance of refrigerant gases. **EBITDA margin** improved by 330 bps to **14.9%**.

Sales of the Adhesive Solutions segment totaled **€642 million**, down 7.2% compared with fourth-quarter 2022, impacted notably by a 3.2% negative currency effect. The negative 3.2% price effect reflects essentially the evolution of certain raw materials. Volumes were down slightly by 1.3%, reflecting ongoing soft demand and some residual destocking in Europe and the United States. The scope effect was a positive 0.5%, corresponding to the integration of Polytec PT.

At **€94 million**, the segment's **EBITDA** was up by a sharp 25.3% compared with fourth-quarter 2022, driven by the product mix, dynamic price management and ongoing operational excellence actions. **EBITDA margin** thus improved significantly to **14.6%** (10.8% in Q4'22), reflecting Bostik's teams' thorough work.

Sales of the Advanced Materials segment came in at **€857 million**, down 16.1% compared with fourth-quarter 2022, impacted by a 15.9% negative price effect which takes into account the evolution of raw materials. Volumes rose 2.3%, driven in particular by High Performance Polymers in Asia. Performance Additives volumes were down slightly as a result of weak demand in Europe, overshadowing the good performance of the United States. The scope effect was a positive 0.5%, corresponding to the contribution of PI Advanced Materials in December, partly offset by the divestment of Febex. The currency effect was a negative 3.0%.

The segment's **EBITDA** was stable at **€149 million** (€148 million in Q4'22), and **EBITDA margin** improved by 290 bps to **17.4%**, benefiting also from a favorable product mix linked to stronger demand for higher value-added solutions.

At **€552 million**, **sales** for the Coating Solutions segment declined by 8.5% year-on-year, strongly impacted by a 17.3% negative price effect reflecting both less favorable market conditions in upstream acrylics and lower

raw materials in downstream activities. Volumes were up 11.8%, benefiting from improved activity levels in view of the prior year's low point. The currency effect was a negative 3.0%.

Driven notably by better volumes, **EBITDA** rose by 9.5% to **€69 million**, and **EBITDA margin** improved by 210 bps to **12.5%**.

At **€161 million**, sales of the Intermediates segment were 11.0% lower than in fourth-quarter 2022, impacted by a 21.0% drop in volumes which reflects lower demand for acrylics in Asia. The price effect of positive 14.4% reflected the solid momentum of refrigerant gases in Europe and the United States. The currency effect reduced the segment's sales by 4.4%.

EBITDA rose sharply to **€40 million** (€24 million in Q4'22), driven by the good contribution of refrigerant gases. **EBITDA margin** thus grew to **24.8%** from 13.3% in fourth-quarter 2022.

FOURTH-QUARTER 2023 HIGHLIGHTS

On 1 December 2023, Arkema finalized the acquisition of Glenwood Private Equity's 54% stake in the listed South Korean company PI Advanced Materials (PIAM), for an enterprise value of €728 million. This acquisition completes Arkema's portfolio of high performance technologies for the fast-growing advanced electronics and electric mobility markets.

SUBSEQUENT EVENTS

On 2 January 2024, Arkema finalized the acquisition of Irish manufacturer Arc Building Products, specialized in construction adhesives and sealants and which generates around €15 million in annual sales.

OUTLOOK FOR 2024

In the first quarter, the macroeconomic context remains marked by a lack of visibility and soft demand in the continuity of fourth-quarter 2023. First-quarter EBITDA should thus be comparable to the fourth-quarter 2023 level and below the first-quarter 2023 level, which still benefited from favorable market conditions in PVDF and upstream acrylics, which progressively normalized during 2023.

Irrespective of a progressive rebound in demand, Arkema will benefit, starting in second-quarter 2024, from the ramp-up of several growth projects, which should contribute in the full year around €60 million to €70 million in terms of EBITDA. These projects include notably the hydrofluoric acid plant in partnership with Nutrien in the United States, the bio-based polyamide 11 unit in Singapore, the expansion of the Sartomer® plant in China and of the Pebax® plant in France, and the development of 1233zd fluorospecialties with low global warming potential. Arkema will also benefit from the contribution of the PIAM acquisition and from its associated growth synergies, in particular in the electronics and battery markets. Adhesive Solutions should achieve good growth in 2024, benefiting from the positive dynamic which started in second-half 2023.

Based on these factors, Arkema aims to achieve in 2024 a higher EBITDA, estimated at €1.5 billion to €1.7 billion depending on the level of recovery in demand, and with seasonality more weighted to the second half of the year.

Moreover, the Group will continue to implement its strategic roadmap unveiled at the Capital Markets Day of September 2023. It should notably confirm during the year its capital expenditure plan to support the growth of batteries for electric vehicles in the United States. It will continue to strengthen, in partnership with its customers, its innovation efforts in solutions for a less carbonized and more sustainable world, and pursue the implementation of its climate plan.

Such statements are based on management's current views and assumptions that could ultimately prove inaccurate and are subject to risk factors such as (but not limited to) changes in raw materials prices, currency fluctuations, the pace at which cost-reduction projects are implemented, escalating geopolitical tensions, and changes in general economic and financial conditions. Further information on factors which could affect Arkema's financial results is provided in the documents filed with the French Autorité des marchés financiers.

Balance sheet, income statement and cash flow statement data, as well as data relating to the statement of changes in shareholders' equity and information by segment included in this press release are extracted from the consolidated financial statements at 31 December 2023 as reviewed by Arkema's Board of Directors on 28 February 2024. Quarterly financial information is not audited.

Details of the main alternative performance indicators used by the Group are provided in the tables appended to this press release. For the purpose of analyzing its results and defining its targets, the Group also uses EBITDA margin, which corresponds to EBITDA expressed as a percentage of sales, EBITDA equaling recurring operating income (REBIT) plus recurring depreciation and amortization of tangible and intangible assets, as well as REBIT margin, which corresponds to recurring operating income (REBIT) expressed as a percentage of sales.

For the purpose of tracking changes in its results, and particularly its sales figures, the Group analyzes the following effects (unaudited analyses):

- **scope effect:** the impact of changes in the Group's scope of consolidation, which arise from acquisitions and divestments of entire businesses or as a result of the first-time consolidation or deconsolidation of entities. Increases or reductions in capacity are not included in the scope effect;
- **currency effect:** the mechanical impact of consolidating accounts denominated in currencies other than the euro at different exchange rates from one period to another. The currency effect is calculated by applying the foreign exchange rates of the prior period to the figures for the period under review;
- **price effect:** the impact of changes in average selling prices is estimated by comparing the weighted average net unit selling price of a range of related products in the period under review with their weighted average net unit selling price in the prior period, multiplied, in both cases, by the volumes sold in the period under review; and
- **volume effect:** the impact of changes in volumes is estimated by comparing the quantities delivered in the period under review with the quantities delivered in the prior period, multiplied, in both cases, by the weighted average net unit selling price in the prior period.

Building on its unique set of expertise in materials science, **Arkema** offers a portfolio of first-class technologies to address ever-growing demand for new and sustainable materials. With the ambition to become a pure player in Specialty Materials in 2024, the Group is structured into three complementary, resilient and highly innovative segments dedicated to Specialty Materials – Adhesive Solutions, Advanced Materials, and Coating Solutions – accounting for some 92% of Group sales in 2023, and a well-positioned and competitive Intermediates segment. Arkema offers cutting-edge technological solutions to meet the challenges of, among other things, new energies, access to water, recycling, urbanization and mobility, and fosters a permanent dialogue with all its stakeholders. The Group reported sales of around €9.5 billion in 2023, and operates in some 55 countries with 21,100 employees worldwide.

SUBSCRIPTION AND SALE

Summary of Amended and Restated Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 8 March 2024 (as amended or supplemented from time to time, the “**Amended and Restated Dealer Agreement**”) between the Issuer, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Amended and Restated Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it unless otherwise agreed. The Issuer has agreed to reimburse the Arranger for certain of its expenses incurred in connection with the Programme and the Dealers for certain of their activities in connection with the Programme.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealers have agreed to indemnify Arkema against certain liabilities in connection with the offer and sale of the Notes. The Amended and Restated Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

[PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“UK”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**EUWA**”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the “**FSMA**”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of UK domestic law by virtue of the EUWA]. MiFID II product governance / Professional investors and eligible counterparties only target market – Solely for the purposes of [the/each] manufacturer[’s/s’] product approval process, the target market assessment in respect of the Notes taking into account the five categories referred to in item 19 of the Guidelines published by ESMA on 3 August 2023, has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU, as amended (“**MiFID II**”)] [MiFID II]; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.

¹ Delete legend if the offer of the Notes do not constitute “packaged” products, in which case, insert “Not Applicable” in paragraph 9(v) of Part B below. Include legend if the offer of the Notes may constitute “packaged” products and the Issuer intends to prohibit the Notes being offered, sold or otherwise made available to EEA retail investors. In this case insert “Applicable” in paragraph 9(v) of Part B below.

² Delete legend if the Notes do not constitute “packaged” products, in which case, insert “Not Applicable” in paragraph 9(vi) of Part B below. Include legend if the Notes may constitute “packaged” products and the Issuer intends to prohibit the Notes being offered, sold or otherwise made available to UK retail investors, insert “Applicable” in paragraph 9(vi) of Part B below.

[UK MiFIR product governance / Professional investors and eligible counterparties only target market
– Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (“COBS”), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“UK MiFIR”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*³] Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturer[’s/’s] target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/’s] target market assessment) and determining appropriate distribution channels.]⁴

[SINGAPORE SFA PRODUCT CLASSIFICATION – In connection with Section 309B of the Securities and Futures Act 2001 of Singapore (the “SFA”) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “**CMP Regulations 2018**”), the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are prescribed capital markets products]/[capital markets products other than prescribed capital markets products] (as defined in the CMP Regulations 2018) and [are] [Excluded]/[Specified] Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).]⁵

³ ICMA 1 and ICMA 2 approaches envisage that a negative target market will be unlikely. Note that a programme which only envisages vanilla issuance is unlikely to require a negative target market placeholder. If a negative target market is deemed necessary, wording along the following lines could be included: "The target market assessment indicates that Notes are incompatible with the needs, characteristic and objectives of clients which are [fully risk averse/have no risk tolerance or are seeking on-demand full repayment of the amounts invested]."

⁴ The legend may not be necessary if the managers in relation to the Notes are not subject to UK MiFIR and therefore there are no UK MiFIR manufacturers. Depending on the location of the manufacturers, there may be situations where either the MiFID II product governance legend or the UK MiFIR product governance legend or where both are included.

⁵ For any Notes to be offered to Singapore investors, the Issuer to consider whether it needs to re-classify the Notes pursuant to Section 309B of the SFA prior to the launch of the offer.
